These obligations include hiring, placement, upgrading, transfer or demotion, recruitment, advertising, or solicitation for employment. The objective of the Village of Ruidoso is to hire individuals most qualified for positions by virtue of education, training, experience, and personal qualifications.

Treatment during employment includes fair rate of pay or other forms of compensation, selection for training, and lay-offs or termination.

The Village of Ruidoso is committed to complying with all applicable laws providing equal employment opportunities. This commitment applies to all persons involved in the operations of the Village and prohibits unlawful discrimination of any employee of the Village of Ruidoso. All employees have a personal responsibility to conduct themselves in compliance with this policy and to report any observations of discrimination and/or harassment immediately to the Human Resources Director or Village Manager.

This policy of the Village of Ruidoso is consistent with the requirements and objectives set forth by the Presidential Executive Order 11246, Section 402, of the Vietnam Era Veterans Readjustment Act (VVERA), the Americans with Disabilities Act (ADA), Americans with Disabilities Act Amendments (ADAAA), and the Fair Labor Standards Act (FLSA). Each Director, Manager, and Supervisor is responsible for ensuring compliance with and continued implementation of the Village of Ruidoso's policy on equal employment opportunity.

While management has the overall responsibility for assuring compliance with this policy, all Employees, by their personal actions, are responsible for supporting the concepts of equal opportunity for all. Any incident or situation that an Employee believes violates this policy shall be brought to the immediate attention of management.

As provided throughout these policies, the Village prohibits retaliation against anyone who in good faith reports discrimination. The reporting of any alleged discrimination will not result in any type of disciplinary or retaliation of any nature.

The Village Manager may negotiate benefit packages at levels needed to attract the best candidate for the position. In recruiting employees, the Village Manager may also negotiate items such as relocation expenses, based on the needs of the situation and in order to hire the most appropriate person for the position. The Village Manager may also approve/negotiate salaries within the established range when flexibility is needed for positions, with the exclusion of insurance and retirement benefits for especially difficult executive positions to recruit or retain.

2-11 Selection of Candidates

Upon completion of the personal interviews, the Department Director/Manager will complete the Personnel Action Notice and return it to the Human Resources Department indicating the candidate selected to fill the position. Department Director/Manager may recommend a salary that is within the salary ranges established for that position. The Department Director/Manager may not notify any candidate to make a job offer. The Human Resources Department will notify the selected candidate and offer the position contingent upon passing a drug and alcohol screening and all appropriate background checks such as criminal history and Motor Vehicle Records (MVR).

After all screenings are satisfactorily completed, Human Resources will coordinate with the Director and schedule candidates first day of employment.

In the event that no candidate is deemed suitable for the position, the Department Director/Manager may request that recruitment be continued.

The Human Resources Department will notify candidates who were interviewed but were not selected. Candidates who did not receive an interview will also be notified.

2-12 Employment Date

The employment date of a full-time or part-time employee shall be the date that the employee first reports to work after all conditions for pre-employment have been satisfied. If a temporary employee is hired in a full-time or part-time position, then the employment date is the date that the employee is placed into the full-time or part-time position.

2-13 Probationary Period

Every employee who fills a full-time or part-time position shall serve a probationary period of 12 complete calendar months.

Should the employee leave before completing the probationary period, for any reason including dismissal or lay off, they will be paid for accumulated vacation time if they have completed at least 6 months of service.

Full-time employees are eligible for sick leave and holidays beginning the first day of employment. Full-time employees are eligible to accrue vacation leave at 6 months of service.

Part-time employees who work 20 hours per week or more are eligible for sick leave

beginning the first day of employment. Part-time employees who work 20 hours per week or more are eligible to accrue vacation leave at 6 months of service. Part-time employees who work less than 20 hours per week are ineligible for sick leave, vacation leave, and holiday benefits.

For eligible employees, insurance benefits will begin starting the first day of employment.

The probationary period shall be an integral part of the evaluation process and shall be utilized for close observation of the employee's work.

If circumstances arise where the probationary employee is off work for longer than two weeks, the probationary period will be extended for the length of time the employee was off.

When a probationary employee is promoted, or demoted during the introductory period, the employee shall continue to serve the introductory 12 month period and/or the status change period, whichever is longer.

The probationary period can be extended, but documentation must be in place to justify this action. Documentation shall include an improvement plan with objective and measurable performance criteria. The documentation must also include a description of the counseling or evaluations given to the employee that indicates where improvement is needed and reasoning of why time beyond the introductory period is needed for the improvement. (If the probationary employee doesn't meet the improvement plan for the extended probationary time, then the employee shall be terminated unless extended.)

A pay increase of 5% will be awarded upon successful completion of the probationary period, except for sworn Fire Fighters and sworn Police Officers excluding the Police Chief, and Fire Chief. Pay increases for Fire Fighters and Police Officers are based on the current progression schedule.

When a probationary employee is terminated, they will receive their final paycheck within five (5) business days and will be paid for any unused vacation balance they may have. A probationary employee is an unclassified employee who is employed at the convenience of the Village of Ruidoso and may be demoted or terminated by the Village Manager, at any time, without cause, and without the right to a hearing.

2-14 Status Change Period

The status change period shall be for promoted, transferred, or demoted non-introductory employees and for non-probationary part-time employees filling full-time positions. The status change period shall be for a period of three (3) months or twelve (12) weeks.

- A. During the status change period, an employee shall be evaluated once after six (6) weeks, and again during week eleven (11) of employment.
- B. If circumstances arise where the employee on a status change period is off work for longer than two weeks, the introductory period will be extended for the length of time the employee was off work.
- C. At the discretion of the Department Director/Manager and with approval of the Village Manager, if the employee is not successfully meeting the

criteria of the new position, the employee may be:

- Placed on an extended status change period; or
- Transferred to an open position that they are-qualified for; or

Under all circumstances, reasonable effort will be made to determine if the employee can be successful in the new position before steps to terminate proceed.

2-15 Promotion

A promotion is defined as a change of position from one salary range to another position in a higher salary range. The Village encourages employees to apply for promotions to positions at higher levels than those in which they are currently employed and encourages its employees to develop the skills necessary in order to be promoted.

Promotion within the Fire and Police Department, for certain positions, shall be handled according to the Fire and Police Promotional Policy.

2-16 Transfers (Lateral Transfer)

A transfer also known as a lateral transfer is defined as a change from one position to another position within the same range or from one department to another department, in the same range. Transfers are subject to the approval of the Village Manager. Probationary employees with three (3) months or less service with the Village of Ruidoso are not eligible for transfer.

An effective date of transfer will be negotiated between the affected departments. A department from which an employee is transferring shall not require the services of that employee beyond a period of two (2) weeks unless there are extenuating circumstances. The transfer must be at the beginning of a pay period.

2-18 Reclassification & Reorganization

A. Reclassification is the reassignment of a position from one range to a different class range to correct an error in the original assignment or to recognize a change in the duties and responsibilities of a position, or reorganization. Reclassification is not retroactive. Reclassification is subject to the approval of the Village Manager.

- B. Although there may be various instances when a position is reclassified, such as during reorganization or when directed by the Village Manager, the customary time for submitting a request is during preliminary budget preparations. The ideal time is when a position is vacant.
- C. When an employee is reclassified, there may be a salary adjustment. In reclassification to a lower range, an employee's salary may or may not be reduced. The Village Manager shall make the final determination. Reclassification shall not be used as a method of awarding an employee a salary increase.
- D. Reorganization is defined as elimination, creation, or realignment of Village departments, offices, or positions. Reorganization is subject to the approval by the Village Manager. Reassignment due to reorganization can be either voluntary or involuntary.

2-19 Rehire

A vacancy may be filled by rehiring a former employee who qualifies for the position and who resigned or was terminated in a current position while retaining their right for rehire with the Village of Ruidoso. An employee that was not eligible for rehire may request in writing to be reconsidered for rehire providing they submit justification as to why their status should be changed and the request must be approved by the current Director and Village Manager

2-20 Persons Ineligible for Hire by the Village of Ruidoso

It is the policy of the Village of Ruidoso to give the municipality as many options for hiring and placement of qualified and capable employees as possible while avoiding the appearance of nepotism.

- A. If previously terminated by the Village of Ruidoso and didn't retain their right for rehire status.
- B. Any person who serves as a voting member of the Village Council and for a two-year period thereafter.
- C. Family of the Mayor, Councilors, or Village Manager for the Village of Ruidoso will not be hired. Family is defined as any relationship of consanguinity or affinity within the first degree, including but not limited to any legal dependent, significant other, or a parent, spouse, sibling, child, (including step relatives or in-laws that parallel this list). If they are applying for a seasonal or temporary position the Village Manager can approve on a case by case basis.
- D. Persons shall not be hired, promoted, or transferred to a position which is under the supervision of an immediate relative. For the purpose of this

section, immediate relative is defined as the first degree by blood or marriage and step family.

Relatives of employees of the Village as defined above cannot work in the same department. Relatives of employees of the Village who do not meet the above definition may be considered for hire within the Village, but would be restricted in any instance where one relative would have responsibilities relating to the selection, hiring, or supervision of that employee, or have a real or perceived position of authority over the employee. This definition may also include individuals who may be determined as “a person of significance” to the employee, such as a domestic partner or other special relationship.

If, after a thorough recruitment and search, the only qualified applicant(s) found are exceptions to this definition, the Village Manager may review the situation and grant an exception. This exception must be in accordance with §10-1-10, NMSA 1978, as stated below. This situation may occur in small communities with limited qualified applicants.

§10-1-10, NMSA 1978 states: It shall be unlawful for any person elected or appointed to any public office or position under the laws of this state or by virtue of any ordinance of any municipality thereof, to employ as clerk, deputy or assistant, in such office or position, whose compensation is to be paid out of public funds, any persons related by consanguinity or affinity within the third degree to the person giving such employment, unless such employment shall first be approved by the Council, whose duty it is to approve the bond of the person giving such employment; provided, that this act (§10-1-10 to 10-1-11, NMSA 1978) shall not apply where the compensation of such clerk, deputy, or assistant shall be at the rate of \$600.00 or less a year.

2-21 Background Investigation

The Village of Ruidoso reserves the right to conduct criminal history checks, driving record checks, education verifications, employment verifications, and any other such background checks determined to be appropriate by the Village. All applicants are subject to such investigation, and will be required to sign an authorization for such investigation. Failure to authorize such investigation shall disqualify such applicant from further consideration.

The following factors will be considered for those applicants with a criminal history: the nature of the crime and its relationship to the position; the time since the conviction; the number (if more than one) of convictions; and whether hiring, transferring, or promoting the applicant would pose an unreasonable risk to the Village.

The Department Director/Manager (or designee) will conduct pre-employment reference checks. Human Resources employees will conduct all other background checks, as necessary. The Police Department have more restrictive hiring policies and background check requirements, as established in their Police Department Policy.

2-22 Immigration Reform and Control Act (Form I-9)

Upon selection of an applicant, the Human Resources Department shall verify and document the identity and immigration status of the individual. The applicant shall be required to complete the Form I-9 and provide the necessary documentation within three

(3) days of their first day of employment. Failure to supply documentation of legal authorization to work in the United States will result in dismissal from employment.

Non-citizen employees, whose work authorization has expired, will not be scheduled to work and will be placed on Leave without Pay. The employee is responsible for obtaining Immigration and Naturalization documents verifying eligibility to work in the United States. Upon receipt of proper immigration documents, the I-9 form will be updated and the employee may be eligible for re-instatement.

CHAPTER 3. CLASSIFICATION OF EMPLOYEES

3-1 Categories of Employment

It is the intent of the Village of Ruidoso to clarify the definitions of employment classifications so that employees understand their employment status and benefit eligibility. These classifications do not guarantee employment for any specified period of time. The following employment status categories shall be used for personnel employed by the Village:

- A. **Unclassified Employees:** are at will employees who are employed at the convenience of the Village of Ruidoso and may be demoted or terminated by the Village Manager, at any time, without cause, and without the right to a hearing and shall include: Probationary Employees, Temporary Employees, and employees who are in a ninety (90) day status change period.
 - B. **Classified Employees:** are employees, not including the Village Manager and appointed positions, who work in a regular position, have completed the probationary period, whose employment may only be terminated for cause, layoff, or abolishment of position.
 - C. **Appointed Positions:** The Governing Body appoints the following positions: the Village Manager, Village Clerk, Emergency Manager, and Police Chief. The Mayor makes recommendations for these positions and the Council has final approval. If employees are not re-appointed at the end of an election or contract term then they are terminated and have no appeal or hearing process. The appointed positions shall be subject to all other provisions in the personnel policy and may have a severance agreement approved by the Governing Body. Appointed employees that are not re-appointed will retain their rehire status with the Village of Ruidoso for future employment as long as misconduct or gross neglect were not the cause for not being re-appointed. Appointed employees have the same benefits as classified employees in regards to vacation accrual, sick accrual, vacation and sick balances and leaves, Family Medical Leave Act (FMLA), Public Employees Retirement Association (PERA), and Insurance benefits as stated in this personnel manual.
 - D. **Grant Funded Employees:** is a full-time or part-time employee hired and compensated under a grant obtained by the Village of Ruidoso for a specific program. If provided for in the grant, these employees are eligible for benefits based on budgeted hours. Grant funded employees shall not have access to the grievance procedures when the adverse action is a result of a change in the grant provisions. If grant funds are no longer allocated for the program or positions then that position will be eliminated.
- 3-1-1 **Full-Time Employee:** A regular full-time position is a position held by a probationary or non-probationary employee who is scheduled to work a 40 hour/7day work period on a recurring basis. A regular full-time firefighter is a position held by a probationary or non-probationary

firefighter who works the approved schedule in a fourteen (14) day work period.

- 3-1-2 **Contract Employee:** The Village Manager is a contract employee and the contract is subject to the approval of the Governing Body.
- 3-1-3 **Part-Time Employee:** A regular part-time position is a position held by a probationary or non-probationary employee who is scheduled to work at least 20 hours but less than 40 hours in a seven (7) day work period on a recurring basis. Under very limited circumstances as determined by the Department Director and Manager, the Department Director may request that an employee holding a part time position, work more than 32 hours in the seven (7) day work period. The written request must be for a specific and limited time period and shall be subject to the approval of the Manager. The employee is not eligible for full-time benefits during this temporary period. Employees who work at least 1040 hours per year are eligible for prorated benefits as described in this manual.
- 3-1-4 **Temporary Employee:** A temporary is an employee who works in a position designated as “seasonal” or “temporary” created to last no more than nine consecutive months. A temporary employee is one who is hired as an interim replacement, to temporarily supplement the work force, or to assist in the completion of a specific project, and is not furnished by a personnel service. Employment assignments in this category are of a limited duration. Employment beyond any initially stated period does not in any way imply a change in employment status. A temporary employee retains that status until notified in writing of a change. Temporary employees (including student employees) are not eligible to participate in Public Employees Retirement Association (PERA). Temporary positions are **not** eligible for benefits in this policy such as but not limited to vacation, sick, holiday pay, group insurance, longevity, etc.
- 3-1-5 **Interim Appointment/Positions:** An employee who has been appointed to serve in an interim position will return to his/her previously held position once the Interim period is over. The employee may receive compensations as stated in section 4-2-E-5 of this policy.

3-2 **Exempt Status**

Each employee is designated as either non-exempt or exempt from federal and state wage and hour laws. Non-exempt employees are entitled to overtime compensation under the specific provisions of federal and state laws. Exempt employees are excluded from specific provisions of federal and state wage and hour laws. Each employee will be informed of their status as an exempt or non-exempt employee by their supervisor as approved by the Human Resources Department. If an employee changes positions during their employment as a result of a promotion, transfer, or otherwise, they will be informed by the Human Resources Department and their supervisor of any change in their exempt status.

- A. **Exempt Employee:** Employee who is not eligible for overtime wages under the Fair Labor Standards Act.

- B. **Non-Exempt Employee:** Employee who is entitled to overtime wages under the Fair Labor Standards Act.

Pursuant to principles of public accountability, for employees who accrue annual leave, vacation leave and sick leave, deductions from pay of exempt employees shall be taken for absences for personal reasons, or illness or injury when leave is not used by the employee because:

- A. Permission for leave has not been sought or has been sought and denied;
- B. Accrued leave has been exhausted; or
- C. The employee chooses to use leave without pay.

3-3 Job Descriptions

Each employee will have a job description outlining the essential job functions and other responsibilities, job qualifications, physical demands, work environment specifications, and travel requirements. The job descriptions will also show if the employee is exempt or non-exempt and the Equal Employment Opportunity job classification. If the job duties of an employee are significantly changed, the Department Director/Manager is responsible for the development of a new job description. The original, signed job description must be placed in the official personnel file in the Human Resources Department.

CHAPTER 4. POSITIONS AND PAY

4-1 Compensation Policy

- A. The Village of Ruidoso believes that the strength of the organization is in its people. The Village is committed to providing a fair pay structure to the employees. The Village of Ruidoso believes that it is in the best interest of the Village and employees to fairly compensate them for the value of services provided. It is the Village's intention to use a compensation system that will determine the current market value of a position based on the skills, knowledge, and abilities required of a fully competent individual. The system used will be objective and non-discriminatory in theory, application, and practice. This will be accomplished by using a combination of compensation philosophies, external competitiveness, internal equity, and employee qualifications and contributions.

The Village's compensation system and/or changes shall be approved by the Village Council annually as part of the budget process. Professional support and consultation may be used to evaluate the system and provide on-going assistance in the administration of the program if necessary.

The compensation system must be flexible enough to ensure that the Village is able to recruit and retain a highly qualified workforce, while providing the structure necessary to effectively manage the Village of Ruidoso.

- B. The Village Council shall set the position level, pay range, benefits, and specific components of the total compensation package for the Village Manager.
- C. The Village Manager is responsible and accountable to the Mayor and Council. In that capacity, the Village Manager is charged with ensuring that the Village of Ruidoso is staffed with highly qualified, fully competent employees, and that all departments are administered within appropriate guidelines and within the approved budgets.

- B. A person newly hired to a position shall be paid at least the minimum rate for the pay range to which the position is assigned. Only the Village Manager can approve wages above the entry level pay range for any position based on experience, certifications, or qualifications only up to midpoint. If a newly hired employee does not have all of the qualifications at the time of hire the employee may be hired below entry level. The entry level can be reduced by 4% and the employee and the Village will establish an improvement plan in order for the employee to build skills and competencies for the position.
- C. Salary increases for performance and incentive pay may be granted based on pre-established criteria and availability of funds.
- D. Salary ranges for each classification are intended to furnish flexibility in recognizing individual differences among positions allocated to the same class in providing employee incentive for growth and improved performance and in rewarding employees for meritorious service.
- E. When an employee is ***promoted, demoted, transferred***, or placed in an ***interim position*** their rate of pay in the new position shall be in accordance with the following:
 - 1. An employee who is ***promoted*** shall be paid the hiring rate for the new class or a higher rate in the new pay range up to midpoint based on years of service and certifications.
 - 2. An employee who is ***demoted*** shall be paid at a rate in the pay range, which is, in the judgment of the Village Manager, most appropriate under the circumstances of the demotion.
 - 3. An employee who is ***transferred*** from one job to another job at the same pay range shall continue to be paid at the same rate.
 - 4. An employee may be placed in an ***interim position***, which is a non-competitive appointment of an incumbent to temporarily assume the duties of a vacant position. An employee in an interim position will be paid at least the minimum in the salary range for the position in which the employee is acting. The Village Manager may remove an employee from the interim position at any time with or without cause or reason.

- F. Pay changes shall become effective at the beginning of the next pay period after the action causing the change.
- G. The Police and Fire Departments shall follow the established Progression Policy for pay increases.

4-3 Pay for Performance

- A. Employees will be eligible to receive a performance increase annually based on achievements and measurable outcomes identified and documented in the employee's annual evaluation. Education, certifications, and specialized training achieved by employees to help build capacity within Departments can be identified by the Director and will be taken into consideration for the employee's performance increase.
- B. Performance increases will be proposed by the Director and approved by the Village Manager and/or Deputy Manager.
- C. Once an employee has been identified as meeting and exceeding their performance criteria that has been established increases will be awarded as :

Employees: 4% increase
Supervisors/Managers: 3% increase
Directors: 2% increase

- D. Performance Pay cannot be paid retroactively.
- E. Some examples of meeting or exceeding specific performance expectations are as follows and justification for the performance increase should be documented on the annual evaluation and placed in the employee's personnel file:
 - 1. During the past 12 months, an employee has devised and/or

implemented a method or routine which resulted in a significant reduction in operating cost.

2. During the past 12 months an employee has devised and/or implemented a procedure which significantly enhanced, multiplied or increased efficiency of operations.
3. An employee has regularly been available to respond when called upon to restore or ensure municipal services.
4. An employee has regularly been willing to take on additional duties in order to enhance operations.
5. An employee has consistently met deadlines, completed one or more major projects, or performed duties not generally regarded as part of the job so as to demonstrate dedication to public service.
6. An employee has performed (based on his/her own merit) regularly assigned duties in an outstanding and dependable manner.

F. If an employee receives disciplinary action within any evaluation period and the issue is not corrected by the next quarterly evaluation period, the employee will not be eligible for a performance increase.

4-4 End of Probation Increases

Employees hired after May 20, 2021 will receive a 1% end of probation increase for completion of their initial twelve (12) month probationary period. Employees hired prior to May 20, 2021 will receive a 5% end of probation increase. This doesn't apply to fire fighters or police officers; they will follow their progression schedules.

4-5 Cost of Living Adjustment (COLA)

The Village Manager shall evaluate available funding annually during preliminary budget process and may recommend to the Village Council a Cost of living adjustments (COLA) based on the Consumer Price Index (CPI) not to exceed 5% and shall only be approved after an industry pay evaluation has been completed. Cost of living adjustments are included in the personnel schedule in the budget and must be approved by the Governing Body.

4-6 Call Back

Employees called back to work outside of their regularly scheduled shift hours to perform non-scheduled work shall be paid at premium pay. The premium pay shall be paid at 1 ½ times the employee's regular hourly wage for those call back hours. This does not apply if a Department Director/Manager or Supervisor changes an employee's work schedule due to weather, deadlines, or short staffing (i.e., scheduling people to work days off or changing time for snow removal).

4-7 **Standby Pay**

Standby is when an employee is scheduled to be available to answer service requests. When an employee is scheduled to be on standby, the employee will be required to make sure they are available for work during the standby hours scheduled.

Employees required to be on standby shall be paid at the rate of:

- One hour for each sixteen hours of standby time completed Monday through Friday.
- Three hours for each Saturday.
- Three hours for each Sunday.
- Three hours for each holiday

If the employee fails to respond to emergency calls while required to be on standby, the employee will not be considered to have been on standby and therefore the hours will not be used to compute standby pay.

4-8 **Overtime/Compensatory Time**

All employees are subject to the provisions of the Fair Labor Standards Act (FLSA), as amended. You can access the Act on the internet or request a copy from Human Resources. All timekeeping records for non-exempt employees are to reflect the actual hours worked. If an employee works overtime, the decision of whether to give the employee overtime pay or time off is at the discretion of the Department Director/Manager and funds for overtime are budgeted in each particular department. The employee must complete a request for overtime and state if pay or compensatory time is requested. All overtime or compensatory time must be approved by the Department Director/Manager.

All non-exempt employees who are required to work more than the regularly scheduled work week, may be compensated at one and one-half (1 ½) times their regular hourly rate of pay according to section 5-4. Overtime shall be paid as provided under the Fair Labor Standards Act.

A. Overtime for:

1. full-time non-exempt employees (except police officers and Fire) is time worked in excess of 40 hours in a seven day period.
2. non-exempt police officers is time worked in excess of 40 hours per seven-day work period.
3. non-exempt fire employees is time worked in excess of 106 hours per fourteen-day work period.
4. part-time employees is time worked in excess of 40 hours in a seven day period. A part time employee shall receive the regular hourly rate for all time worked up to 40 hours per seven-day work week.

B. Absences including, but not limited to sick leave, vacation leave, holiday, standby, leave without pay, FMLA, military leave, jury duty, and voting time or other non-worked hours are not counted as time worked for the purposes of computing overtime pay or compensatory time off.

- C. Overtime worked shall be compensated either with pay computed at 1½ times the hourly rate of pay or with paid time off (Compensatory Time) at 1½ times the number of overtime hours worked. Overtime work shall be kept to a minimum and must be authorized by the Department Director or designee, as authorized in the operating budget. The Village Manager shall approve overtime during emergency circumstances, which call for immediate action or in special situations required by the nature of the operation.

Those Village positions that are determined to be non-exempt as defined by FLSA are entitled to compensation for overtime worked but only those departments and positions that have approved budgeted funds will pay overtime. If funds are not budgeted, the employee will accrue compensatory time for hours worked. It is the responsibility of the Department Directors to ensure that their employees do not work on an overtime basis unless funds are allocated and the Village Manager approves the work and arrangements for payment.

- D. Overtime is for the benefit of the Village. The employee, whether requesting pay or time off, must obtain verbal or written approval for overtime compensation, prior to the time the work is performed. Any unauthorized overtime shall be subject to disciplinary action, except in cases of an emergency.

E. **Compensatory Time Off**

If not paid for overtime work, compensatory time off shall be given in conformance with the Fair Labor Standards Act. The law authorizes state and local governments to provide compensatory time (comp time) off in lieu of monetary overtime compensation, at a rate of not less than 1 ½ hours of compensatory time for each hour of overtime worked.

Compensatory time may be used at any time with the prior written approval of the supervisor or department director authorized to approve time off, but approval shall be subject to the work needs of the Village of Ruidoso.

Upon termination of employment, any unused balance of compensatory time owed shall be paid at a rate not less than the employee's final regular pay rate.

Department Directors/Managers shall monitor overtime worked and compensatory time accrued and shall encourage the use of compensatory time to be used within three (3) months or as the opportunity arises, in order to minimize the Village's overtime pay liability.

Compensatory time balances will be reviewed by the Village Manager after the first payroll in June of each year.

Employees may accumulate compensatory time off as follows:

1. Public Safety Employees: Employees who work in a public

safety activity or emergency response activity may accumulate up to 96 hours of comp time.

2. General Employees: All other nonpublic safety employees may accrue up to 60 hours of comp time.

4-9 Shift Differential

The Village of Ruidoso recognizes that some departments are operating 24 hours a day with employees working on different shifts during the 24-hour period. Shift differential is payment to employees who work difficult and unpopular shifts for the Village of Ruidoso. It shall be the policy of the Village of Ruidoso to pay eligible employees a premium for working swing shift and grave shift. The premium payment shall be added to the hourly wage.

Different shifts have different premium payment amounts ranging from .25 to .50 per hour added to the regular hourly salary.

Eligible shifts are commonly called swings and graves. Swings shift begins between 1:45 p.m. – 7:44 p.m. Graves shift begins between 7:45 p.m. – 3:30 a.m.

Shift differential will not be paid for schedules beginning between 3:31 a.m. - 1:44 p.m.

It will be the Director's/Manager's responsibility to provide a timely schedule/roster of any shift changes before the beginning of the pay period to ensure employees are paid appropriately. The notification will be signed by the Department Director, Finance Department, Human Resources Manager and Village Manager or Designee. The Village Manager may have final approval for all shift differential changes.

4-10 Service Credit Pay

The Village of Ruidoso is committed to its employees and has laid out a policy by which classified employees will receive a one percent (1%) increase for each year of service with the Village of Ruidoso. To phase out the previous five percent (5%) percent increase that was awarded each fifth consecutive year employees will receive a certain percentage based on years of service. In July of 2021 employees will receive the percentage of pay below that corresponds to their current years of service. At the next anniversary date and thereafter the employee will begin receiving one percent (1%) each year. This service credit increase will move the employee laterally on the pay scale.

Years of Service	Percentage of Pay
6, 11, 16, 21, 26, 31	1%
2, 7, 12, 17, 22, 27	2%
3, 8, 13, 18, 23, 28	3%
4, 9, 14, 19, 24, 29	4%
5, 10, 15, 20, 25, 30	5%

Service credits are given only for continuous service. Any break in service will require an employee to start over in the service time counted. A break in service means any time an employee terminates with the Village and is then re-hired.

Temporary time worked for the Village is not considered time in service for calculating the service credits.

The positions of Patrol Officer, Corporal, Sergeant, CID, and Lieutenant/Deputy Chief in the Police department are eligible for automatic increases based on the certifications obtained through the State of NM. Therefore, these positions are not eligible for service credit increases until after reaching the maximum certification offered by the New Mexico Law Enforcement Academy (NMLEA) and the Village of Ruidoso. The Village of Ruidoso allows officers in lower positions to continue their training to receive the maximum certification level a police officer can receive even though the NMLEA may not recognize the training due to the officer's rank within the police department. Service credit will be

counted starting from the date the employee has reached the maximum increase for that position which is the Executive Certification level.

The positions of Fire Fighter, Fire Lieutenant, Fire Captain, and Assistant Chief are eligible for automatic increases based on the hours of training; these positions are eligible for service credit increases. Service credit will be counted starting from the date the employee has reached the maximum increase for that position. This is Step 11 for Firefighters and Step 10 for Fire Officers.

4-11 Policy on Exempt Employee Pay

Exempt employees who are required to be paid in accordance with the Fair Labor Standards Act.

A. Provisions Mandated by the Salary Basis Rules:

1. Exempt employees normally must receive their full salary for any week in which they perform any work, without regard to the number of days or hours worked. However, exempt employees need not be paid for any workweek in which they perform NO work at all for the Village.
2. Deductions from pay cannot be made as a result of absences due to the circumstances listed below. Such improper pay deductions are therefore specifically prohibited by the Village of Ruidoso regardless of the circumstances. Directors, Managers, or Supervisors violating this policy will be subject to investigation of their pay practices and appropriate corrective action in accordance with normal procedures.
 - Jury duty
 - Attendance as a witness
 - Temporary military leave
 - Absences caused by the employer
 - Absences caused by the operating requirements of the business
 - Partial day amounts other than those specifically discussed below
3. Pursuant to principles of public accountability, exempt employees are expected to work a minimum of 40 hours per work week. Exempt employees who accrue annual leave and sick leave and who take more than two (2) hours of time off during a work week for personal reasons or because of illness or injury shall charge this time to the appropriate accrued vacation or sick leave time. Additional time worked in a work week can only be applied to the actual work week.

B. The few exceptions to the requirement to pay exempt employees on a salary basis are listed below and in accordance with Village of Ruidoso Policy. The Fair Labor Standard Act allows for the following pay deductions for exempt employees:

1. Absences of two (2) hour or more due to personal reasons, sickness, or disability when the employee is not yet eligible for vacation or sick

leave, or has exhausted the paid leave benefits provided by the Village.

2. Fees received by the employee for jury duty or military leave may be applied to offset the pay otherwise due to the employee for the week. No deductions can be made for failure to work for jury duty or military leave.
3. Penalties imposed for infractions of safety rules of major significance. Safety rules of major significance include those relating to the prevention of serious danger in the workplace or to other employees.
4. Unpaid disciplinary suspensions of one or more full days for infractions of serious work place conduct rules including discrimination, harassment, violence, or violation of law in accordance with Village of Ruidoso's disciplinary policy.
5. Partial work weeks during the initial or terminal week of employment. In these allowable situations, the Village will pay a proportionate part of the employee's full salary for any time actually worked based on the hourly equivalent of the employee's full salary. This practice will be consistently applied to all exempt employees in the same circumstances.
6. Leave without Pay while using FMLA for a qualifying event.
7. Absences for personal reasons or illness or injury when leave is not used by the employee because:
 - a) Permission for use of accrued leave has not been sought or has been sought and denied;
 - b) Accrued leave has been exhausted; or
 - c) The employee chooses to use leave without pay

- C. If the deduction was in fact improper, the Village will reimburse the employee as promptly as possible (but in no case longer than two pay periods from the identification of the problem).
- D. The individual(s) responsible for the error will be investigated further to determine if this was an isolated incident or a pattern of conduct that requires further action on the part of the Village. If warranted, the responsible person(s) will be held accountable for the error(s) made consistent with the Village's disciplinary policy.
- E. The resolution of the situation will be documented (including confirmation on the part of the employee that the situation has been resolved) and placed within the employee's personnel file.
- F. Following the identification of such a problem, the Village will establish a practice to regularly audit employee pay records to ensure no further issues arise until such time as it is determined the issue is resolved.

CHAPTER 5. PAYROLL/WORK SCHEDULE

5-1 Pay Periods

Pay periods will be every two weeks. Each department will establish deadlines for time documentation to be submitted to supervisors for approval. However, all departments must have approved time documentation submitted to Payroll by 10:00 AM on Monday after the end of each pay period. The only exception to this is when there is a holiday. In this case, departments will be notified when approved time documents are due.

It is the responsibility of each employee to insure the payroll record and document reflect the actual hours worked for each pay period. Altering, falsifying, or tampering with time records or recording time on another employee's time record may result in disciplinary action, up to and including termination of employment.

5-2 Deductions

The employer will deduct from each employee's paycheck those amounts required by law plus those amounts authorized by the employee for fringe benefit plans as determined by the Village Council.

If employees are on unpaid leave, they are still responsible for employee portion of paid deductions. Arrangements must be made in advance as to how deductions will be covered by the employee during their absence.

5-3 Allowances and Advances for Work-Related Items

Advances for items including uniforms, tools, equipment, and related items will be allowed. The amount of the allowance or advance shall be allocated as part of the budget process.

5-4 Workweek

The normal work schedule shall be determined by the requirements of the job. The workweek (except for Fire Department shift workers) shall begin at 12:00 a.m. Sunday and end at 11:59 p.m. Saturday. Each workweek stands alone for totaling work hours. A normal workweek shall consist of 40 hours and is established by the Department Director/Manager. Time and attendance records will be kept based on actual hours worked as prescribed by the Village. The normal workweek may be modified to meet the needs of a specific department as required. All work hours are accounted for on the day that the shift starts.

The Village of Ruidoso designates the workweek for Fire Departments shift workers on a 14 day period. The 14 day work period is designated pursuant to FLSA section 7(k). Shift workers in the Fire Department are Firefighters, Lieutenants, and Captains. The maximum number of hours per 14 day work period, which can be worked by non-exempt employees without incurring overtime liability under the Act, is 106 hours. The workweek shall begin at 12:00 a.m. Sunday of the first week and end at 11:59 p.m. Saturday of the second week. Work hours start when the shift starts and all hours are accounted for on the day that the shift starts.

Salary position workweek is a 14 day work period begins at 12:00 a.m. Sunday of the first week and end at 11:59 p.m. Saturday of the second week. All work hours are accounted for on the day that the shift starts.

If vacation or sick leave is used during a week in which an employee has already worked 40 hours (or 106 hours for Fire) then vacation and sick leave will not be deducted from the employees leave balance. Vacation and sick leave is only to be used to get an employees work hours to equal 40 hours (or 106 hours for Fire).

5-5 Time and Attendance

All non-exempt employees shall log time and attendance records through the approved time documentation process. Any unauthorized work is subject to disciplinary action up to and including termination. The time and attendance documentation will be submitted each pay period to the employee's supervisor for approval. The record is then forwarded to Payroll. The approved time documentation must be received in Payroll no later than 10:00 am on Monday following the end of the pay period. The only exception to this is when there is a holiday. In this case, departments will be notified when approved time documents are due.

All exempt employees will log hours and attendance records through the approved time documentation process. This record will be logged to indicate the number of hours an exempt employee works each day. This documentation will be submitted to the employee's supervisor for approval. The record is then forwarded to Payroll. The approved time documentation must be received in Payroll no later than 10:00 am on Monday following the end of the pay period. The only exception to this is when there is a holiday. In this case, departments will be notified when approved time documents are due.

5-6 Scheduling

The Department Director/Manager or direct supervisor will determine the reporting time and leaving time for the employees of each department so as to achieve **maximum effectiveness of the department**.

The regular full-time Fire positions work 48 hours on, then 96 hours off.

5-7 Relief Periods

Each employee is granted relief periods up to 15 minutes every four hours. These relief periods may be taken in shorter increments but may not exceed 15 minutes at a time. Relief time shall be taken only after having been on the job for a minimum of two hours and shall be scheduled by the Department Director/Manager. Relief time cannot be accumulated for other purposes such as vacation, compensatory time off, or as a means of leaving the job early, except when this would be in the best interest of the Village and the employee(s) and when approved by the Department Director/Manager. Abuse of relief time is grounds for disciplinary action. Relief period policy for the Police and Fire Departments is contained in the respective department guidelines.

5-8 Nursing Mothers Breaks

The Village of Ruidoso follows the FLSA rules for allowing time for nursing mothers to express milk. The Village shall provide a space that is shielded from view and free from intrusion from coworkers and the public for nursing mothers to express milk. A bathroom

facility even if private is not a permitted location according to the Department of Labor. If a private place is not available then the nursing mother will be allowed to go home to express milk. These breaks are not compensable and an employee will need to use their personal leave. Unless the employee is using their standard relief period as mentioned in section 5-7 of this policy.

5-9 Meal Time

A Village employee shall be entitled to time off to eat during each work shift, to be scheduled by the Department Director/Manager. Meal breaks are normally one hour, except for departments with established 30 minute meal breaks. Such meal time shall be unpaid time. However, occasionally circumstances may require the employee to remain at the work site to be ready for work or require the employee to continue working, in which case the meal period would be considered time worked. Meal time policy for the Police and Fire Departments is contained in the respective department guidelines.

CHAPTER 6. EMPLOYEE BENEFITS

6-1 **Benefit Participation**

Employee benefits, unless otherwise prescribed by law, are available only to active, appointed, full-time, and part-time employees. For this purpose, active, appointed, or full-time employees are those scheduled to work 40 hours per week. Part-time employees are those scheduled to work at least 20 hours but less than 40 hours per week receive pro-rata benefits. Part-time employees who regularly work less than 20 hours in a 40 hour scheduled workweek are excluded from PERA membership, medical, dental, and vision insurance.

Benefits for the position of the Village Manager are based on the contract for that position.

It is the responsibility of the employee to request participation in writing in any and all employee benefit programs unless the specific benefit is prescribed by law (e.g. Social Security, PERA). Each employee has the further responsibility to ascertain their own coverage or participation in the various benefits available. Forms and/or plan contact information to request participation are available from the Human Resources Department and will be furnished for the convenience of employees.

6-2 **Benefit Administration**

The Human Resources Department administers the Village of Ruidoso's benefits programs.

6-3 **Employee Leave Benefits**

Leave is any authorized absence, with or without pay, during regularly scheduled work hours which is approved in advance by proper authority. All leave is subject to the approval of the Department Director/Manager and in some instances, the Village Manager. Requests for leave shall be submitted to the Department Director/Manager through the approved request process.

When an employee is absent before prior approval has been obtained, the employee is responsible for notifying their immediate supervisor and explaining circumstances of the absence. Upon return to work, the employee will then complete the approved "Request for Leave" process

Leave requests are not guaranteed approval. Supervisors shall consider each request on a case-by-case basis. Approval shall be considered in terms of workload, staffing levels, availability of personnel, timeliness and other job related factors.

Absence without approved leave is considered an unauthorized absence, subject to disciplinary action up to and including dismissal.

6-4 **Sick Leave**

Sick leave is an employee benefit provided by the Village which provides time off from regular duty, with pay when an employee is unable to work due to illness/injury, well care, medical/dental appointments, exposure to contagious diseases which would endanger the health of other employees, or the first week of an on-the-job injury that is

not paid by Worker's Compensation (waiting period). Sick leave may also be used for illness/injury or well-care for the employee's immediate family. Family is defined as any legal dependent, domestic partner, parent, spouse, sibling, child, stepchild, step grandparent, grandparent, step grandchild or grandchild.

Sick leave may be used by appointed, full-time, and part-time employees

6-4-1 Sick Leave Policy

If the department or operation is employed 24 hours a day and if the department has a written procedure that requires at least a two-hour prior notification for a sick leave request, the Department Director/Manager may require the time off to be unpaid.

At the discretion of the Department Director/Manager an employee may be sent home on sick leave or unpaid leave if the employee seems to be too sick or injured to perform their job duties.

Sick leave is earned starting the first day of employment.

Sick leave benefits are not available to temporary employees.

Sick leave may not be granted or used and charged against future accruals (there is no advancement of sick leave except for as mentioned in the sick leave donation policy).

When sick leave extends beyond the duration of three (3) working days or 24 hours (one (1) duty day for Fire), (12 hours for part time) a doctor's certification verifying that the absence was due to illness/injury and that the employee may return to work. If the employee does not submit proof to the supervisor for the sick leave taken, then the absence shall automatically be considered leave without pay and is subject to disciplinary action.

6-4-2 Sick Leave Accrual

Sick leave is credited to an employee on the last day of each pay period.

- Appointed, Classified, and Probationary Full-time employees shall accrue sick leave at the rate of four (4) hours per pay period (4.98 hours for Fire).
- Classified and Probationary Part-time employees (must be scheduled twenty (20) to thirty-two (32) hours each week on a continuing basis) shall accrue two (2) hours per pay period.

6-4-3 Sick Leave Maximum Accumulation Allowance

No more than 1560 hours of sick leave may be carried forward from one calendar year to the next.

6-4-4 Retirement Provisions

Upon retirement, an employee will be paid for unused sick leave not to exceed 1560 hours providing the employee is retiring through PERA or Social Security.

6-4-5 Voluntary Termination Provisions

- A classified employee, who has not met his tenth year of continuous full-time/part-time employment, shall not be paid any of his/her sick leave balance.
- A classified employee who has worked at least ten years but has not completed his/her fifteenth year of continuous full-time/part-time employment shall be paid up 50% of his/her sick leave balance not to exceed 260 hours.
- A classified employee who has worked at least fifteen years but has not completed his/her twentieth year of continuous full-time/part-time employment shall be paid up 75% of his/her sick leave balance not to exceed 390 hours.
- A classified employee who has worked at least twenty years of continuous full-time/part-time employment shall be paid up 100% of his/her sick leave balance not to exceed 520 hours.

6-4-6 Involuntary Termination Provisions

- Involuntarily terminated employees will not receive any sick leave payment for unused sick leave regardless of balance.
- If involuntarily terminated, appointed positions will be paid sick leave according to their approved severance agreement.

6-5 **Sick Leave Buy Back**

Sick leave is intended to be used for employees and certain family members who are genuinely sick or have a doctor's appointment. Sick leave is not intended to be used as vacation or for slight indispositions that do not keep the employee from doing his or her job. The buyback policy is to encourage employees to not use their sick leave for purposes other than stated in the Personnel Manual.

Policy:

It shall be the policy of the Village of Ruidoso to offer to pay eligible employees for sick leave at certain periods of the year. The payments shall be called a "sick leave buy back." This "buy back" shall be a two for one. During the buy back period, the employee can choose to be paid one hour for every two hours of sick leave over 520 hours (689 hours for 48 on/96 off firefighters). The buy back period shall be in April and September unless another time is specified by the Village Manager. Paperwork needs to be submitted by March for April's buy back period and August for September's buy back period.

Procedure:

- A. The Personnel Manual explains what sick leave is and when it is to be used.
- B. Eligible employees are those employees who have a balance of at least 520 (689 hours for 48 on/96 off firefighters) sick leave hours on the pay period prior to the buy back period and are not currently on sick leave. Employees, who have submitted their resignation notice to the Department Director by the date the buy back is paid, shall not be eligible for the buy back.
- C. Prior to the buy back period, the Human Resources Department will send out notices announcing when the buyback period will take place and the deadline for submitting the request to participate. The eligible employee wishing to take advantage of the buy back is responsible for notifying the Human Resources Department, filling out the proper paperwork, and submitting the proper paperwork by the deadline.
- D. Employees can sell any amount over 520 (689 hours for 48 on/96 off firefighters) hours.

Example 1: The employee has 580 hours of sick leave balance. The employee decides to sell 40 hours. The employee will be paid for 20 hours and the sick leave balance will be lowered to 540. This is $580 - 40 = 540$ hours. $40 \text{ hours} / 2$ (2 for 1) = 20 hours of buy back paid to the employee.

Example 2: The employee has 580 hours of sick leave balance. The employee decides to sell 60 hours. The employee will be paid for 30 hours and the sick leave balance will be lowered to 520. This is $580 - 60 = 520$. $60 \text{ hours} / 2$ (2 for 1) = 30 hours of buy back paid to the employee.

- E. Employees are not obligated to participate in the buy back.
- F. Employees cannot sell any sick leave at any time other than during the buyback period.

6-6 Sick Leave Donations

Purpose: Sick leave is intended to be used for genuine sickness, injury, or doctor's appointment. Sick leave is not intended to be used as vacation or for slight indispositions that do not keep the employee from doing his or her job. Sick leave should not be used frivolously by the employee. However, the Village of Ruidoso realizes that major illnesses or injuries can cause an employee to use up sick leave in one round of recuperating or when needed to be the primary care taker for his or her child, spouse, domestic partner, or parent during a major illness or injury. The Village of Ruidoso realizes that some employees may want to help co-workers during this convalesce period.

Policy: When an employee has used all his/her paid leave (sick, comp, vacation) and is still out of work due to the employee's off the job illness or injury or due to the employee

needing to be the primary care taker of his or her child, spouse, domestic partner, or parent due to an illness or injury, the employee can, on a voluntary basis, in writing to the Village Manager, request sick leave donations from the employees of the Village of Ruidoso.

Any eligible FMLA leave runs concurrent with any donated paid sick leave.

Procedure:

- A. Eligible employee is the employee who:
 1. is not able to work due to a personal injury or illness (not worker's comp) for an extended period of time; or is not able to work due to a personal injury or illness of the employee's spouse, domestic partner, child, or parent and the employee is to be the primary care taker for an extended period time;
 2. has used all his/her paid time (sick, vacation, comp) and will still be out of work for forty hours or longer;
 3. is eligible for FMLA or personal leave see (Section 6-3-12 unpaid leave);
 4. has requested in writing, a request for sick leave donations. This written request shall contain;
 - a) approval for his/her attendance records to be made public to those employees who are thinking about donating sick leave time (the attendance record does not show reasons why the employee has taken off, it just shows when the employee has taken off),
 - b) the attending physician's written reasons as to why the time off from work is needed and the estimated length of time off; and
 - c) the Village Manager's approval of the request.
- B. Once approved, the Human Resources Department will send out requests for sick leave donations for that particular employee. If time allows, the notice of the request will be sent with the next pay check.
- C. Employees who have over 120 hours can, on a strictly voluntary basis, donate any amount up to ten percent as long as that employee does not fall below 120 hours.
- D. Donations will be strictly confidential. Employees wishing to donate will come to the Human Resources Department and request a voluntary donation form.
- E. The employee requesting donations shall not be permitted to know who has donated time or how much time has been donated.

- F. Donated time will not be used retroactively. This means it cannot be used for any back pay to an employee.

6-7 Holidays (Effective 02/16/2018)

Full-time and Appointed employees shall be entitled to the benefit of twelve (12) holidays annually.

Village offices will be closed on the following nine (9) designated holidays;

- New Year's Day
 - Memorial Day
 - Independence Day
 - Labor Day
 - Veteran's Day
 - Thanksgiving Day
 - Friday following Thanksgiving
 - Christmas Eve
 - Christmas Day
- a. If an employee works a Monday through Friday schedule, regardless of department, and a holiday falls on a Saturday, the prior Friday will be considered the designated holiday and if holiday falls on Sunday then Monday will be designated holiday. If an employee works in a department that provides 24/7 services, (such as fire, water, wastewater, wastewater treatment, airport, police, parks, or solid waste) then the holiday is the actual day of the holiday and is designated by when the employees shift starts, not when it ends.
- b. Holidays must be observed as they occur. They may not be accumulated or be used as termination pay.
- c. Employees on unpaid leave shall not be paid for the designated holidays. Full-time employees are immediately eligible for paid holidays upon employment. Part-Time employees are not eligible for paid holidays.
- d. All employees shall be paid holiday pay equivalent to eight (8) hours if they work a forty (40) hour workweek or twenty-four (24) hours if they work a 106-hour workweek. When the employee is required to be on duty for a holiday, they shall receive holiday pay and compensation for hours worked at the corresponding FLSA payrate.
- e. If the holiday falls on an employee's regularly scheduled day off, the employee shall be entitled to another paid day off during the same pay period as the holiday. If another day off within the same pay period cannot be scheduled, then the Department Director will need to provide a list of those employees to the payroll department with their approved payroll documents. Payroll will then accrue the 8 hours in a leave bank for the employees to use at another time. No one can accrue more than 72 hours of holiday leave in a fiscal year and all time must be used before

the end of the fiscal year. All leave must be approved in accordance to this policy. The holiday leave bank time will not be paid out upon separation from the Village of Ruidoso.

- f. When a designated holiday falls within an employee's vacation or sick leave, that day shall be paid as a holiday at straight time and not deducted from the vacation or sick leave bank.

Floating Holidays are personal days off that allow the employee to honor other events. These personal days are chosen by the employee and the choices are subject to the approval of the Department Director. The three (3) floating holidays equal twenty-four (24) hours of time off that will be given to full time employees in January of each year. The twenty-four (24) hours of floating holidays must be used by December 31st of each year. If the time is not used then the employee will lose the balance of the hours for that year.

New hire full time employees for the first calendar year will receive their floating holidays as listed below:

Starting prior to April 1st, the employee shall be eligible for 24 hours of Floating holidays,

Between April 1st and August 31st, the employee shall be eligible 16 hours of floating Holidays,

After August 31st the employee shall not receive any floating Holiday hours.

Floating Holiday hours will not be paid out to anyone who separates employment with the Village of Ruidoso at any time.

6-8 Vacation

Vacation leave is intended primarily to provide each employee with paid vacation each year, although it may be used for other employee needs requiring absence during work hours. Each employee is expected to use vacation leave each year in order to take time off for the good of their physical and emotional well-being. Leave should be planned and requested as far in advance as practicable, in order to allow the Department Director/Manager to plan for operation of the department.

Each full-time employee shall accrue leave based on length of service, in accordance with the following rate table. Each classified part time employee, who is scheduled for twenty (20) to thirty-two (32) hours each week on a continuing basis, shall accrue one half of the same table.

Months of Service	All Employees (except Fire). Part time employees receive ½ of these hours	24- Hour Shifts (Fire)
6 months thru 36 months continuous service	4 hours/pay period	5.30 hours/pay period
37 thru 60 months continuous service	5 hours/pay period	6.15 hours/pay period
61 thru 119 months continuous service	6.50 hours/pay period	7.75 hours/pay period
120 thru 149 months continuous service	7 hours/pay period	9.15 hours/pay period
150 thru 239 months continuous service	7.5 hours/pay period	10.30 hours/pay period
240 months or more	8.50 hours/ pay period	11.20 hours/pay period

- Vacation leave balance shall not exceed 260 hours (330 hours for Fire employees).
- Vacation leave is credited to an employee on the last day of each pay period.
- Vacation leave may be used for sick leave if needed.
- All terminating employees who have been employed for at least six (6) months will be eligible for payment of accumulated vacation leave.
- Vacation leave will be scheduled to allow minimum interference with the employee's work requirements. The Department Director/Manager will determine approval.
- Vacation leave benefits accrual shall not begin until six (6) months of service.
- Probationary employees are not eligible for paid vacation leave benefits during their first six (6) months of employment.
- Probationary employees shall be credited fifty-two (52) hours for regular employees and 68.9 hours for fire employees following completion of six (6) months of service, and thereafter shall accrue vacation leave in accordance with the Personnel Policy.
- Vacation leave benefits are not available to temporary employees.
- The Village Manager has the discretion to adjust vacation accrual if needed to recruit and retain qualified employees for management positions with established exemptions at variance within our personnel policy.

6-9 Family and Medical Leave Policy (FMLA)

FMLA is available to employees who have completed 12 months of service and worked at least 1250 hours in that 12-month period. These hours shall include actual worked hours and any paid leave taken for calculating hours toward service. This policy covers all extended leaves due to illness, injury, or family leave under the Family and Medical Leave Act (FMLA), including any such leaves granted by the Village.

This policy covers all extended illness and injuries beyond the duration of three working days (1 duty day for Fire). Ordinarily, unless complications arise, the common cold, the flu, ear aches, upset stomach, minor ulcers, routine dental or orthodontia problems, periodontal disease, etc., are examples of conditions that do not meet the definition of a serious health condition and do not qualify for FMLA leave. Conditions for which

cosmetic treatments are administered (such as most treatments for acne or plastic surgery) are not serious health conditions unless inpatient hospital care is required or unless complications develop. Substance abuse is covered when the employee is seeking treatment, and not just impaired by substance abuse. To be eligible for FMLA, the employee must have a condition that makes them unable to perform essential job functions.

An eligible employee will be granted up to 12 unpaid workweeks of leave during any 12-month period for the following reasons. The 12-month period begins on the first day of the employee's FMLA leave.

1. Due to the birth of a son or daughter and the decision to provide care for that infant;
2. Due to the placement of a son or daughter with the employee for adoption or foster care;
3. In order to care for the spouse, son, daughter, or parent of an employee who has a serious health condition; or
4. Due to a serious health condition that makes the employee unable to perform the essential functions of their job.

In any case where the necessity for FMLA, as provided for under items 1 and 2 above, is foreseeable, and based on an expected birth or child placement, the employee shall provide the Human Resources Department with not less than thirty (30) days notice, before the date leave commences, of the intention to take leave under FMLA. Where the birth date or placement requires the leave to begin in less than 30 days, the employee will inform the Human Resources Department, in writing, as soon as possible.

If a planned medical treatment or operation under items three and four necessitate FMLA, the employee will make a reasonable effort to schedule the treatment so that it is not unduly disruptive to Village operations. Such scheduling is subject to the approval of the appropriate employee's health care provider, or the health care provider of the son, daughter, spouse, or parent of the employee. The employee will also provide the Village with not less than 30 days notice prior to the beginning of the leave. If medical treatment must begin in less than 30 days, the employee is responsible for notifying the Village Human Resources Department as soon as possible.

Employees requesting FMLA for a serious health condition under items 3 and 4 must provide the Village Human Resources Department with written and prompt medical certification that includes the following information:

- a) The date on which the serious health condition started;
- b) The probable duration of the condition; and
- c) The appropriate medical facts from the health care provider regarding the serious health condition.

If an employee must take FMLA to care for a family member, the employee must submit a medical certification to the Human Resources Department about why an eligible employee is needed to care for a son, daughter, spouse, or parent. If the request falls

under item 3 above, an estimate of the time needed for the care of that family member will be required.

To take FMLA because the employee is unable to perform the functions of their job, a medical statement is required which addresses items (a) through (c) outlined above.

If the employee is applying for intermittent [(in separate blocks of time (hours, days, weeks)] FMLA, or on a reduced leave schedule (reducing the usual number of hours worked per workweek or workday) for planned medical treatment, the dates and duration of the treatment, as well as a statement about the medical necessity, including items (a) through (c) above must be submitted, in writing, to Human Resources. The same information is required to support an intermittent leave to care for a son, daughter, spouse, or parent with a serious health condition.

If an employee takes intermittent leave that is unpaid or works on a reduced schedule, the Village will reduce the employee's salary based on the amount of time actually worked.

In addition, while the employee is on intermittent or a reduced schedule leave, the Village may temporarily transfer the employee to an available, alternative position, which better accommodates the recurring leave schedule.

When the employee is approved and is placed on FMLA, they must contact the Village Human Resources Department every 30 days regarding the status of the condition, the intention to return to work, and/ or if continued leave is necessary.

In the case of employee illness or injury, before being permitted to return from FMLA, employees are required to present to Human Resources Department a note from their physician indicating that they are capable of returning to work.

Where spouses work for the Village of Ruidoso, they will be allowed a total of 12 weeks between them to take FMLA for the birth of a child, the placement of a child for adoption or foster care, or to care for a son, daughter, spouse, or parent with a serious health condition.

The taking of FMLA does not trigger a qualifying event under COBRA. Thus, health care benefits will be paid during this leave according to the Village's policy. If the employee does not return to work at the end of the leave, all benefits provided by the Village will cease and the employee may be separated from employment by the Village of Ruidoso. Employees who do not return from FMLA may be required to reimburse the Village for all benefits paid by the Village during the FMLA period.

Leave time will not be accrued while an employee is on unpaid FMLA. No holiday pay will be given.

The employee on FMLA is responsible for and must arrange for employee paid deductions to continue during the FMLA leave period. Coverage for employee paid policies may cease if the premium payment is more than 30 days late. If the payment is more than 15 days late, the Village will notify the employee with written notification.

Leave time may be used to pay employee deductions.

Accumulated leave time may be used during FMLA, but is not required to be used. The substitution of paid leave time for unpaid leave time does not extend the 12 week FMLA leave period. Further, in no case can the substitution of paid leave time for unpaid FMLA time result in the receipt of more than 100% of the base salary. If the employee chooses to use any accrued compensatory time off balance they have, this time will not be counted towards the 12 weeks of FMLA.

FMLA leave may be extended if the employee has paid leave time remaining at the end of the 12-week period or if approved for extension by the Village Manager or Deputy Village Manager.

For employees who are injured on the job and will be out more than three days, FMLA will run concurrently with Worker's Compensation leave. All rules for FMLA apply. If an employee is offered limited duty under workers' compensation, but opts to take medical leave, the employee will not receive workers' compensation indemnity payments.

FMLA will be tracked by the Human Resources Department according to hours taken. The smallest intermittent time increment is one hour.

An employee who takes leave under this policy will be able to return to the same position or a position with equivalent status, pay, benefits, and other employment terms. The position will be the same or one that is virtually identical in terms of pay, benefits, and working conditions. The Village of Ruidoso is not obligated to return highly compensated employees (i.e., highest paid 10% of employees at a work site) their former or equivalent position following a leave if restoration of employment will cause substantial economic injury to the Village. The Village may use their discretion as to this determination on a case by case basis.

If an employee knowingly falsifies any FMLA document, the employee shall be subject to disciplinary action up to and including termination.

Definitions applicable to FMLA policy above.

- A spouse means a husband or wife as defined or recognized under state law. Currently, New Mexico does not recognize domestic partners and therefore husband and wife would be the only partnership recognized under FMLA.
- A parent is either the biological parent or the person who acted as the parent when the employee was a child.
- A son or daughter is either biological, adopted, under foster care, a stepchild, a legal ward, or any child that the employee is assuming parenting responsibility. The child must be under age 19 or can be over age 18 if a mental or physical handicap is present.
- A period of incapacity means the inability to work, attend school or perform other regular daily activities due to the serious health condition, treatment therefore, or recovery therefrom.
- Treatment includes (but is not limited to) examinations to determine if a serious health condition exists and evaluations of the condition. Treatment does not

include routine physical examinations, eye examinations, or dental examinations.

- A serious health condition means an illness, injury, impairment, or physical or mental condition that involves:
 - (1) Inpatient care (i.e., an overnight stay) in a hospital, hospice, or residential medical care facility, including any period of incapacity or any subsequent treatment in connection with such inpatient care; or
 - (2) A serious health condition involving continuing treatment by a health care provider, including any one or more of the following:
 - A period of incapacity of more than three consecutive calendar days, and any subsequent treatment or period of incapacity relating to the same condition, that also involves:
 - Treatment two or more times by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services (e.g., physical therapist) under orders of, or on referral by, a health care provider; or
 - Treatment two or more times by a health care provider, by a nurse or physician's assistant under direct supervision of a health care provider, or by a provider of health care services (e.g., physical therapist) under orders of, or on referral by, a health care provider; or
 - Treatment by a health care provider on at least one occasion which results in a regimen of continuing treatment under the supervision of the health care provider.
 - a) Any period of incapacity due to pregnancy, or for prenatal care.
 - b) Any period of incapacity or treatment for such incapacity due to a chronic serious health condition. A chronic serious health condition is one which:
 - Requires periodic visits for treatment by a health care provider, or by a nurse or physician's assistant under direct supervision of a health care provider;
 - Continues over an extended period of time (including recurring episodes of a single underlying condition); and
 - May cause episodic rather than a continuing period of incapacity (e.g., asthma, diabetes, epilepsy, etc.).
 - c) A period of incapacity which is permanent or long-term due to a condition for which treatment may not be effective. The employee or family member must be under the continuing supervision of, but need not be receiving active treatment by, a health care provider. Examples include Alzheimer's, a severe stroke, or the terminal stages of a disease.
 - d) Any period of absence to receive multiple treatments (including any period of recovery therefrom) by a health care provider or by a provider of health care services under orders of, or on referral by, a health care provider, either for restorative surgery after an accident or other injury, or for a condition that would likely result in a period of incapacity of more than three consecutive calendar days in the absence of medical intervention or treatment, such as cancer (chemotherapy, radiation, etc.), severe arthritis (physical therapy), kidney disease (dialysis).

6-9-1 FMLA for Military Service Family

Qualifying Exigency Leave

An employee may qualify for up to 12 weeks of leave during a 12 month period due to a qualifying exigency arising out of the fact that the spouse, or a son, daughter, or parent of the employee is on active duty or has been notified of an impending call or order to active duty in the Armed Forces in support of a contingency operation.

Department of Labor (DOL) defines “qualifying exigency” as: 1) short-notice deployment, 2) military events and related activities, 3) child care and school activities, 4) financial and legal arrangements, 5) counseling, 6) rest and recuperation, 7) post deployment activities, and 8) additional activities where the employer and employee agree to the leave.

- The above FMLA definition of a “son” or “daughter” does not apply since all servicepersons are over age 18.
- Qualifying Exigency must be related to a service member’s “contingency operation.” Contingency operation includes any operation:
 - Designated by the Secretary of Defense in which the armed forces are or may be involved in military actions, operations, or hostilities against an enemy of the U.S.; OR
 - Results in the active duty of members of the Armed Forces during a war or national emergency declared by the President or Congress; OR
 - Action in response to events such as natural disasters, terrorist or subversive activities or required military operations.
 - Intermittent leave is allowed.
- The employer must receive confirmation of the service member’s activation or active duty status and certification from the employee that leave is needed due to the qualifying exigency.

Service Member Family Leave

An eligible employee who is the spouse, child, parent or next of kin of a covered service member shall be entitled to up to 26 weeks of leave during a 12 month period to care for the service member.

- Covered service members are a member of the Armed Forces, including a member of the National Guard or Reserves, who is undergoing medical treatment, recuperation, or therapy, is otherwise in outpatient status, or is otherwise on the temporary disability retired list, for a serious injury or illness. This applies to an injury or illness incurred by the service member in the line of duty or on

- active duty in the armed forces that may render the member medically unfit to perform their duties.
- The definition of “serious health condition” above does not apply. For service member family leave, serious injury or illness refers to an injury or illness incurred while on active duty in the armed forces which renders the member medically unable to perform the duties of their office, grade, or ranking.
- “Next of Kin” is defined as the nearest blood relative to the service member.
- Intermittent leave is allowed.

6-10 INJURY ON THE JOB LEAVE (WORKER'S COMPENSATION LEAVE) UNPAID:

New Mexico law requires that all municipalities provide compensation to employees injured on the job (§52-1-1 through 52-1-70, NMSA 1978).

This is unpaid leave due to an on the job accident or illness. All employees of the Village of Ruidoso are covered by Worker's Compensation Insurance through the Village of Ruidoso at no cost to the employee.

The employee is responsible for immediately reporting any injury to the supervisor in charge. The accident report shall be submitted to the Human Resources Department within 24 hours of the incident. Employees and supervisors who do not report an injury are subject to disciplinary action.

Lost time accidents are paid in accordance with the law and on the basis of average weekly wage amounts at the time of injury.

No loss claims are those on the job injuries which result in lost time from work for less than seven days. In cases like this, the employee's time off shall be charged to sick, vacation, compensatory time balance, or unpaid leave.

Lost time claims are those on the job injuries which would cause the employee to lose time from work for a period of seven days or longer. The first seven days are considered a waiting period and would not be paid by Worker's Compensation. The employee may use sick leave, vacation leave, or any compensatory time balance during this waiting period. If the employee does not have sick leave, vacation leave, or compensatory time, this time would be unpaid.

After the employee becomes eligible for Worker's Compensation payments, the employee shall be placed on an unpaid leave of absence. Vacation or sick leave shall not accrue during this time.

For the employee on Worker's Compensation disability who remains an employee of the Village, the Village will continue paying the Village's share of group insurance.

All leave for on-the-job injuries and illness shall run concurrently with FMLA.

The employee on Worker's Compensation is responsible for and must arrange for employee paid deductions to continue during the leave period. Coverage for employee paid policies may cease if the premium payment is more than 30 days late. If the payment is more than 15 days late, the Village will notify the employee with written notification.

Before being permitted to return to work, employees are required to present a fitness for duty release from their physician indicating that they are capable of returning to work.

6-11 Bereavement Leave

Employees may take up to three days of paid administrative leave (one duty day or twenty four hours for Fire) may be granted to an employee who has a death in the immediate family. For purpose of bereavement leave, family is defined as any legal dependent, domestic partner or a parent, spouse, sibling, child, grandparent, or grandchild (including step relatives or in-laws that parallel this list).

6-12 Unpaid Leave

Employees may be granted personal leave without pay under certain conditions. Request for leave without pay for five days or less (one duty day or twenty four hours for Fire) shall be subject to the approval of the Department Director. However, request for more than five days (or two duty days or forty eight hours for Fire) shall be subject to the approval of the Village Manager with the exception of FMLA leave. The employee shall not accrue sick leave, vacation leave, or any other benefits while on leave without pay. Employees on unpaid leave shall not receive holiday pay for any time off. Retirement contributions are not made while the employee is on leave without pay. The employee MAY NOT WITHDRAW PERA CONTRIBUTIONS when going on leave without pay.

Personal leave shall not exceed twelve weeks.

When an employee is on unpaid leave, the Village shall continue to pay its portion of group insurance as long as the employee pays their portion in a timely manner. The employee is responsible for ensuring that any employee paid deductions are paid while they are on unpaid leave.

6-13 Administrative Leave with Pay

Administrative leave with pay may be used for a variety of reasons. As described in this manual, bereavement, voting, and jury leave are examples of administrative leave benefits given to employees.

Administrative leave with pay may also be used during an investigation of misconduct by an employee or at any time the Village Manager or designee, in their sole discretion, determines that the Village's best interest will be served by placing an employee on administrative leave. Each situation will be administered on a case by case basis.

The Village Manager or designee shall contact the Human Resources Director as soon as possible upon placing an employee on administrative leave for the remainder of that shift if they believe there is misconduct, alleged misconduct, or a safety issue. The Department Director/Manager, Human Resources Director, and Village Manager will determine what further actions (if any) will be taken.

Administrative leave is not considered a disciplinary action.

All employee benefits will still accrue during the period an employee is suspended on administrative leave.

Administrative leave is not counted as time worked for the purposes of computing overtime.

6-14 Suspension without Pay

Suspension without pay may be used when the Village Manager or designee determines, in their sole discretion, that the Village's best interest will be served by placing an employee on suspension without pay. Each situation will be administered on a case by case basis. Suspension without pay is considered a disciplinary action.

6-15 Military Leave

The Village will grant full-time employees military leave of absence without pay for attending military reserve duty or for any period of active military service as dictated by Uniformed Services Employment and Re-employment Rights Act, USERRA, 38 U.S.C. § 4312. The New Mexico provisions related to re-employment are found at §28-15-1, 28-15-2, and 28-15-3, NMSA 1978. New Mexico's provisions regarding National Guard members are located at §20-4-1, NMSA 1978.

In accordance with §20-4-7, NMSA 1978 a Village employee who is a member of organized units of the army or air national guard or army, air force, navy, marine or coast guard reserves shall be given not to exceed fifteen working days' military leave with pay per federal fiscal year when they are ordered to duty for training, such leave to be in addition to other leave or vacation time with pay to which such employees are otherwise entitled.

Employees may take a military leave of absence from employment, including intermittent leaves, for a total of five years, excluding yearly training. Reemployment rights extend to persons who have been absent from a position of employment because of "service in the uniformed services." "Service in the uniformed services" means the performance of duty on a voluntary or involuntary basis in a uniformed service, including:

- Active duty (Including Reserve and Guard members who have been called up)
- Initial active duty for training
- Full-time National Guard duty
- Absence from work for an examination to determine a person's fitness for any of the above types of duty
- Funeral honors duty performed by National Guard or reserve members

In order to have reemployment rights following a period of service in the uniformed services, a military member must meet the eligibility criteria (discussed separately below):

- Must have given written or verbal notice to the employer prior to leaving the job for military training or service except when precluded by military necessity.
- The period of service must not have exceeded five years.

- Must have been released from service under "honorable conditions."
- Must have reported back to your civilian employer in a timely manner or have submitted a timely application for reemployment.

If the above criteria are met, the employee will be promptly reinstated, which is determined on a case-by-case basis in the following order of priority:

1. In the job the employee would have held had the person remained continuously employed so long as the person is qualified for the job or can become qualified after reasonable efforts by the employer to qualify the person; or
2. If the employee cannot become qualified for the position in (1), then in the employee's pre-service position so long as the person is qualified for the job or could become qualified after reasonable efforts by the employer to qualify the person; or
3. If the employee cannot become qualified for the position either in (1) or (2), then in any other position of lesser status and pay that the employee is qualified to perform, with full seniority.

The person cannot be discharged from the position without cause within one year after restoration.

The escalated position will apply to employees, who in their absence, would have reasonably attained had they remained employed.

For leave over 30 days, all benefits will cease, but an employee may obtain COBRA benefits for health coverage. Upon reinstatement of employment with the Village, no waiting period will be required for enrollment into the group health plan.

No leave time will be accrued while the employee is on military leave. No holiday time will be given.

For purpose of employee pension contribution benefits, upon return, the length of leave will be credited as service under the plan for purposes of determining the vesting of the person's accrued benefits. With respect to an employee's contribution to the retirement plan, credit will be given for the time of military service only to the extent that the employee makes payments to the retirement plan. With respect to such contributions, however, the employee may extend the payments to bring themselves current by a time that equals three times the duration of military service not to exceed five years.

The employee on military leave is responsible for and must arrange for employee paid deductions to continue during the military leave period. Accrued leave may be used for this purpose.

6-16 Jury and Witness Leave

All employees may be granted administrative leave with pay if their absence is in response to a jury summons, subpoena, or direction by proper authority to appear as a witness for the Federal government, the State government, or political subdivision thereof, or in their official capacity as an employee. Such pay shall be their regular compensation.

Documentation of the actual hours served in jury duty will be required. This documentation should be requested by the employee at the end of jury duty service and submitted with the time sheet at the end of the pay period to be eligible for jury leave pay. Part-time employees will be paid only for regularly scheduled hours during jury or witness leave. The Village of Ruidoso will comply with New Mexico's jury duty leave law, located at §38-5-18, NMSA 1978.

Jury fees earned by the employee shall be turned over to the Village of Ruidoso except for mileage reimbursement (figured at the approved rate) for out of town travel. If an employee chooses to use vacation leave for the time off to serve, the employee shall not be required to turn over the jury fee to the Village of Ruidoso.

Jury Duty is not counted as time worked for the purposes of computing overtime.

6-17 Voting

Administrative leave for voting shall be granted as set forth in §1-12-42, NMSA 1978. Any employee who is a registered voter may, on the day of election or during an early or absentee voting period, be absent with pay for up to two hours of time during the time the polls are open to allow employees to vote. The specific time allowed shall be at the discretion of the Department Director/Manager.

This does not apply to an employee whose work day begins more than two hours subsequent to the time of opening the polls, or ends more than two hours prior to the time of closing the polls.

Voting leave is not counted as time worked for the purposes of computing overtime.

If an employee is found to have taken this leave time and used it for something other than voting, the employee shall be disciplined.

6-18 Disaster Services Leave (unpaid)

New Mexico's Volunteer Emergency Responder Job Protection Act is located at §12-10C-1 through 12-10C-4, NMSA 1978. It states: Pursuant to the act, an employee may not be terminated, demoted, or in any other manner discriminated against in the terms and conditions of employment because the employee, when serving as a volunteer emergency responder, is absent from the employee's place of employment in order to respond to an emergency or disaster.

The term *volunteer emergency responder* means a person who is a member in good standing of a volunteer fire department, an emergency medical service, a search and rescue team, or a law enforcement agency, or who is enrolled by the state or a political subdivision of the state for response to an emergency or disaster. Emergency or disaster means an event so declared by the Governor or the President of the United States.

This does not apply if the employee, while acting as a volunteer emergency responder to an emergency or disaster, is absent from the employee's place of employment for a period of more than 10 regular business days in a calendar year.

An employee who will be absent from their place of employment while serving as a volunteer emergency responder to an emergency or disaster must make reasonable efforts to notify the employer of that service and must continue to make reasonable notification efforts over the course of the absence. An employer may request an employee provide a written verification from the office of emergency management or a state or local official managing an emergency or disaster of the dates and time that the employee served as a volunteer emergency responder to an emergency or disaster.

An employee may use vacation leave time for any time absent from employment while serving as a volunteer emergency responder to an emergency or disaster.

CHAPTER 7. ORIENTATION, TRAINING, AND CAREER DEVELOPMENT

7-1 **Orientation**

All new employees are required to attend an orientation provided by the Human Resources Department.

The Human Resources Department will accomplish a general orientation and will convey information in the following areas:

- Personnel Policies
- Harassment Prevention Training
- Information and enrollment regarding the benefit programs
- Completion of employee paperwork (i.e. I-9, W-4, Direct Deposit)

The employing department should conduct further job orientation specific to the department and position.

7-2 **Training**

In-service training for employees shall be provided. Such training may be provided by the Department Directors/Managers, the Human Resources Department, or other entities that best serve the interests of the department and the employee.

Safety training hours are required each year, based on the position held. It is the employee's responsibility to attend scheduled safety training and ensure requirements are met.

The Department Director/Manager or supervisor may permit or require the attendance of employees at meetings, conferences, or seminars intended to improve skills or knowledge at reasonable times with reasonable frequency.

The Department Director/Manager may release an employee from their regular duties during the workday to attend training, if in the opinion of the Director/Manager, such training contributes to the purposes of the organization, programs, or to the attainment of the objectives of the Village and/or to the career development of the employee. Workload, scheduling, and other demands of the Village will be taken into consideration prior to approving the release of employees to attend training.

7-3 **Employee Performance Evaluations**

Employee performance evaluations provide a review and evaluation of an individual's performance. It is the responsibility of the employee's direct supervisor to ensure performance evaluations are effective and **timely**. Completed performance appraisals are maintained in Human Resources Department in the employee personnel file.

Evaluation Schedule:

- Introductory employees shall be evaluated every three (3) months.
- Status change period employees shall be evaluated after six (6) weeks and then at the end of twelve (12) weeks.

- All other employees shall be evaluated annually, using the anniversary date of the employee's employment date.

At the discretion of the Department Director/Manager, additional performance appraisals may be done to acknowledge exemplary performance or to identify performance deficiencies. A performance improvement plan may be developed to provide employees with constructive feedback, facilitate discussions between an employee and their supervisor regarding performance related issues, and outlines specific areas for performance improvement.

The supervisor shall complete the employee evaluation. The evaluation is then forwarded to the reviewer. If the Supervisor is the rater, the Department Director/Manager is the reviewer. If the Department Director/Manager is the rater, the Village Manager or designee is the reviewer. After the evaluation has been approved by the reviewer, the rater shall then make arrangements with the employee to discuss the evaluation.

7-4 Certification and Incentive Pay Plan (Effective 07/01/2015)

Employees who attain employment related certifications may qualify for an increase in pay. The pay increase will be based on the value of the certification to the Village and the employees increased job related skills. The Department Director/Manager may recommend a pay increase, but final approval is up to the Village Manager prior to the effective date of the increase. Listed certification and incentive increases are in Appendix C. The Village Manager updates this list as part of the Village of Ruidoso compensation and incentive program. All certification increases need to be budgeted for when the Department Director/Manager prepares their annual budgets.

Employees are responsible for maintaining their certification(s) in order to retain any applicable certification increase. The Department Director/Manager is responsible for verifying certifications, and ensuring that the Human Resources Department has current copies. The loss of certifications can result in the loss of certification pay and possible employment.

CHAPTER 8. EMPLOYEE CONDUCT

8-1 Public Employment as a Public Trust

8-10-1 Workplace Violence Reporting and Investigating Guidelines

Non-emergency: If an individual is not violent and no immediate threat is present but the individual is acting in a suspicious, hostile, or aggressive manner, you need to:

- Notify supervisor,
- Keep distance between yourself and the individual,
- Become aware of escape routes,
- Be ready to summon the police if the situation escalates to a situation where you believe police presence is needed.
- If Supervisor is not available, you are to call the Police Department's non-emergency number to report events which are not life threatening but involve suspicious activity.

Emergency: If it is reasonable to believe that an individual is acting in a manner that is of immediate threat to an employee or others, you need to:

- Seek safety by leaving the area if possible,
- Call 911 - When reporting an emergency, provide the dispatcher with your name, location, specifics of the events, if known; give name of the violent individual. The dispatcher

may ask you to stay on the line unless your personal safety dictates otherwise.

- DO NOT ATTEMPT TO CONTROL A VIOLENT INDIVIDUAL YOURSELF, let the Police handle that.

Once you are out of danger, notify your supervisor immediately; call the Human Resources Department to report the incident. Even though you verbally notify the Human Resources Department, you are still required to follow up with a written statement outlining the facts of the situation. Although reasonable effort will be made to keep written memorandums, reports, and records confidential, they may be subject to disclosure depending on the situation.

For those cases where it appears that criminal activity may be involved, no employee or supervisory authority shall take any action that would jeopardize the outcome of any investigation. Do not alter anything at the scene of the violent incident until the police authorize it.

False Reports: Allegations and/or reports of workplace violence will be taken seriously. If you intentionally make false reports, you will be subject to disciplinary action up to and including termination.

The primary goal of investigating and reporting threats of violence in the workplace is to resolve such incidents without the occurrence of violence. Each case will be assessed individually and responded to accordingly.

Prompt and accurate reporting of workplace violence, whether or not the incident results in physical injury, is essential to any workplace violence prevention policy. Workplace violence includes violence by co-workers, strangers, customers/clients, and personal relationships.

Employees who have restraining orders against individuals must report that restraining order to Human Resources Department and Department Director/Manager as soon as it is obtained so that appropriate actions can be taken to assure the safety of the employee, co-workers, and other individuals in the workplace.

An employee who witnesses, or to whom a threat of violence in the workplace is reported, is responsible for taking prompt appropriate action, which will depend on the circumstances of each case. The Village Manager is empowered to suspend employees immediately upon being confronted with any incident involving a risk of immediate harm to any individual or to the Village itself.

Appropriate actions for emergency situations may dictate the immediate intervention of outside authorities such as the police or medical professionals before proceeding with internal policy guidelines outlined below.

- Employees who become aware of threats of violence in the workplace should report such threats to their immediate

supervisor, Human Resources Director, or another member in their management chain.

- For all cases involving threats of violence in the workplace, the supervisor to whom the threat is reported is responsible for notifying the Village Manager. The Village Manager will then assess an appropriate plan of action considering the circumstances of each case.
- After the assessment of the appropriate plan of action, the Village Manager will appoint an appropriate designee to investigate the alleged threat of violence in the workplace.
- The appointed designee will contact the employee reporting the alleged threat. The level of risk should immediately be established to determine whether the threat is critical or life threatening, and to determine what immediate steps, if any, should be taken to ensure that safety is maintained. Facts should be gathered to assess the seriousness and validity of the threat, as well as the credibility of the employee making the report. This process may include interviewing employees and other witnesses who may have knowledge of the alleged threat.
- The Village Manager may authorize administrative leave or the suspension of an employee who allegedly made a threat of violence in the workplace pending the outcome of the investigation.
- A written statement outlining the facts of the situation is requested from the employee reporting the threat of violence.
- If appropriate, the appointed designee should next meet with the individual who allegedly made the threat of violence in the workplace. Facts are then gathered concerning the allegation. A written statement may be requested from the employee.
- After meeting with the involved employees, the appointed designee should immediately provide feedback to the Village Manager regarding the findings of the meeting. After reviewing the findings of the appointed designee, the Village Manager will determine if further internal investigation is needed and if it is concerning present and future working conditions.
- If the situation is considered to be resolved, the designee will then notify all parties involved of the disposition of the investigation.
- If the threat was determined to be legitimate and the threat concerns present and/or future working conditions the Village Manager will take appropriate action to neutralize the threat up to and including termination of the offending employee.
- All documents pertaining to the incident shall be placed in the personnel file of the employees involved unless of a confidential nature.

Retaliation:

There will be no retaliation and/or reprisal against an employee who genuinely

reports threats of workplace violence in good faith. Any employee of the Village who engages in or assists in such retaliatory actions will be subject to disciplinary action up to and including termination.

However, it must be noted that where an allegation of bullying is made, the intention of the alleged bully is irrelevant and will not be given consideration when meeting out discipline. As in sexual harassment, it is the effect of the behavior upon the individual that is important. The Village of Ruidoso considers the following types of behavior examples of bullying:

If an investigation substantiates that fraudulent activities have occurred, the Village Manager will issue appropriate reports and take appropriate action.

not applicable when the information supplied was knowingly false or deliberately misleading, was provided with malicious purpose, or violated any civil rights of the employee.

8-16 Phone Policy

While at work, employees are to exercise discretion in using Village phones or personal cellular phones for personal use. Excessive personal calls, text messaging during the workday does interfere with employee productivity and is distracting to others. While in the workplace all personal cellular phones must be placed on vibrate or turned off unless the phone is used for business purposes or if employee receives a reimbursement allowance. Employees should therefore limit the placing or receiving of personal calls to lunches and breaks during the workday. Employees are asked to make sure that friends and family members know to limit calls during business hours. Department Directors/Managers may set policies for use of personal cellular phones to fit the needs of the individual department.

8-17 Media Relations

8-18 Whistleblower Protection

The "Whistleblower Act" prohibits retaliation against any employees who in good faith report official wrongdoing. New Mexico's law contains whistleblower protection provisions which are located at §28-1-1 through 28-1-14, and 50-9-25 NMSA 1978.

As stated in §28-1-7, NMSA 1978, any person or employer is prohibited from doing the following:

- A. Threatening, reprising, or discriminating against any employee because the individual has filed a complaint, testified, participated in proceedings, or opposed practices in violation of New Mexico's Human Rights Act.
- B. Willfully obstructing or preventing any person from complying with the provisions of the Human Rights Act or resisting, preventing, impeding, or interfering with the New Mexico Human Rights Commission or any such members, employee, or representatives in the performance of their duties under the Act.

In addition, the whistleblower provision of the New Mexico Occupational Health and Safety Act is located at §50-9-25, NMSA 1978. The provision covers any individual who is employed by an employer, but does not include a domestic employee or a volunteer non-salaried firefighter. Under the law, employers are forbidden from discharging or in any manner discriminating against an employee for any of the following reasons:

- Because the employee has filed a complaint or instituted a proceeding under the act.
- Because the employee has testified or is about to testify in any such

- proceeding.
 - Because the employee exercised rights under the Act.

No Village of Ruidoso employee will attempt to persuade or intimidate another employee from reporting concerns or violations regarding Village of Ruidoso operations, procedures or compliance with Federal, State, Statutory, or regulatory requirements.

8-19 **ANTI-RETALIATION**

The Village of Ruidoso is committed to providing a workplace that is free from retaliation. If an employee has an employment-related grievance, or participates in a workplace-related investigation, you are encouraged to come forward with information without any fear of retaliation.

“Retaliation” occurs when an employee:

- Engages in a protected activity (such as filing an employment complaint with the Village of Ruidoso)
- Is subject to an adverse employment action (such as termination, demotion or a hostile work environment); and
- The protected activity is causally related to the adverse employment action.

A “**protected activity**” may include filing an internal complaint with the Village of Ruidoso, filing a formal complaint with a government agency, assisting others in making a complaint, participating in an investigation related to a complaint, opposing unlawful action or requesting leave to which you are qualified to receive.

“**Adverse employment actions**” may include suspension, transfer, demotion, termination, changing pay or workload or shifts, refusing reasonable requests, punishing an employee’s family members who also work for the Village, disparate treatment, threats, issuing written or verbal warnings, ignoring or ostracizing. Adverse employment actions are viewed in a “totality of the circumstances”. Therefore, while one single incident may not rise to the level of an “adverse employment action,” when considered in view of the entire work environment, or when considered alongside other incidents, it is possible for one particular incident to contribute to a finding of an adverse employment action. Simply engaging in a protected activity does not protect an employee from disciplinary action. What is prohibited is any adverse employment activity that results because the employee engaged in a protected activity.

Complaint Reporting Procedure: In an employee believes they are facing retaliation for engaging in a protected activity they should report the situation to their immediate supervisor or the Human Resources Department. The complaint should include the details of the incident, the name(s) of those involved, any witnesses and any supporting documentation.

Investigation: After a retaliation complaint has been reported, the Village Manager and/or the Human Resources Director will investigate the incident quickly, thoroughly, and objectively. The Human Resources Director will release information about the complaint only to those who “need to know”. However absolute confidentiality is not guaranteed: in order to thoroughly investigate the complaint, the Human Resources Director will require disclosure to the accused, any witnesses and any Managers or

Directors who could be affected by the investigation. If a separate complaint is being investigated and the employee fears or is experiencing retaliation, they should inform the Village Manager or Human Resources Director immediately so that action may be taken to protect them and investigate the retaliation claim.

Remedying Retaliation: If the investigation shows that an employee has engaged in retaliatory conduct, the Village Manager will take appropriate disciplinary action, up to and including termination. Complaints may not always be resolved in favor of the complainant, and the disciplinary action taken may not always satisfy the complainant. Any and all disciplinary action shall be handled in accordance with the provisions within this policy.

CHAPTER 9. ANTI-HARASSMENT POLICY

9-1 **Anti-Harassment Policy**

Harassment is specifically prohibited as unlawful and as a violation of the policies of the Village of Ruidoso. A fundamental policy of the Village is that the workplace is for work. The Village's goal is to provide a workplace free from tensions involving matters that do not relate to Village business. In particular, an atmosphere of tension created by non-work related conduct, including ethnic, racial, sexual or religious remarks, animosity, unwelcomed sexual advances, or requests for sexual favors or other such conduct does not belong in the workplace.

Harassment of employees or of applicants by other employees, elected officials, citizens, vendors, and visitors in the workplace of the same or opposite sex is prohibited. Harassment includes, without limitation, verbal harassment (cursing, derogatory statements, vulgar language, slurs), physical harassment (assault, detainment, physical interference with normal work or involvement), visual harassment (posters, cartoons, drawings), and innuendo, defined as an indirect intimation about a person or thing, especially of a disparaging or a derogatory nature.

Employees are protected from harassment based on race, sex, age, color, national origin, religion, disability, veteran status, marital status, political affiliation, sexual orientation, genetic or any other consideration made unlawful by federal or state laws.

Sexual Harassment Defined:

One form of unlawful discrimination is sexual harassment. Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature condition constitute sexual harassment when:

- (1) submission to such conduct is made either explicitly or implicitly a term or condition of an individual's employment; or
- (2) submission to or rejection of such conduct by an individual is used as a basis for employment decisions affecting such individual; or
- (3) such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile or offensive working environment. Severe and pervasive doesn't included difference of opinion, personality disputes, isolated altercations that aren't physical.

9-1-1 Harassment via Electronic Means

This policy also prohibits sending, showing, sharing, or distributing in any form, inappropriate jokes, pictures, stories etc. via facsimile, Internet, voice mail, or other electronic means. Further, it is inappropriate and prohibited herein to post or publish such remarks regarding the Village or its employees on public forums such as Facebook, Twitter, etc.

Sexual harassment is a violation of Equal Employment opportunity, state and federal law. It includes unwelcomed sexual advances, requests for sexual favors, sexually motivated physical contact and other verbal or

physical conduct, or visual forms of harassment of a sexual nature when submission to such conduct is either explicitly or implicitly made a term or condition of employment or is used as the basis for employment decisions or when such conduct has the purpose or effect of unreasonably interfering with an individual's work performance or creating an intimidating, hostile, or offensive work environment.

An employee cannot be forced to submit to such conduct as a basis for any employment decision and the Village will do its best to keep itself free of any conduct that creates an intimidating, hostile, or offensive work environment for employees.

This policy applies to all Village employees, elected officials, citizens, vendors, and visitors to the workplace.

9-2 What To Do If An Employee Feels this Policy Has Been Violated

All Village of Ruidoso employees are responsible for ensuring that harassment is avoided. Harassment is specifically prohibited as unlawful and as a violation of this policy. The Village of Ruidoso management at the department level is responsible for training, for preventing harassment in the workplace, for taking immediate corrective action to stop harassment in the workplace, and under the authority of the EEO Officer, for promptly investigating allegations of work-related harassment complaints. Under no circumstances will the alleged offender be in any authority concerning the investigation. The Village of Ruidoso Human Resources Director is the Village of Ruidoso EEO Officer. In this policy, where it states EEO officer or Human Resource Director, it is the same.

If an employee feels that they have experienced or witnessed harassment, they are to immediately notify their supervisor, Human Resources Director, or Village Manager immediately. The Village forbids retaliation against anyone for reporting harassment, assisting in making a harassment complaint, or cooperating in a harassment investigation. If an employee feels they have been retaliated against, they are to notify the Human Resources Director, Village Manager, or Department Directors/Managers.

Allegations of harassment will be taken very seriously and quickly investigated. The Human Resources Director or designee will investigate all complaints of harassment thoroughly and promptly. To the fullest extent practicable, the Village will keep complaints and the terms of their resolution confidential. If an investigation confirms that a violation of this policy has occurred, the Village will take appropriate, corrective action including discipline up to and including immediate termination of employment. A non-employee who subjects an employee to harassment in the workplace will be informed of the Village of Ruidoso's policy and appropriate action will be taken. In all cases, the Village will make follow-up inquiries to ensure that the harassment has not resumed.

An employee who remains unsatisfied after an investigation may seek review from the Village Manager. The Village Manager may direct or conduct an independent investigation, including witness interviews and statements concerning the complaint. Additionally, the Village Manager may take further remedial or disciplinary action as is appropriate. If the complaint is against the Village Manager, an employee may complain

to the Human Resources Director, or the Mayor. Then, the Human Resources Director, and/or the Mayor will follow the above procedures. If the complaint is against the Human Resources Director an employee may complain to the Village Manager.

The Village of Ruidoso understands that these matters can be extremely sensitive, and so as far as possible, will keep all employee complaints and all communications, such as interview and witness statements, in confidence.

The Village prohibits retaliation against anyone, who in good faith, reports discrimination/harassment, assists in making a discrimination/harassment complaint, or cooperates in a discrimination/harassment investigation. Prohibited retaliation can include any disparaging comments, uncivil behavior, or any other negative treatment of the employee by other employees or members of management that result from the individual's making a discrimination/harassment complaint or cooperating in a discrimination/ harassment investigation. Any employee who believes he has experienced or witnessed retaliation should immediately notify his or her supervisor or if the supervisor is the source of the retaliation, any other supervisor, officer, or owner of the Village. Any employee who retaliates against another employee for making a complaint under this policy will be subject to the full range of corrective action up to and including termination of employment at the Village's sole discretion.

9-3 Confidentiality

All reports of prohibited harassment will be investigated in as confidential a manner as possible. An employee who has filed a complaint will be instructed not to discuss the details of the incidents(s) with anyone other than the complaint investigator, while the investigation is pending. The employee may discuss the incident with an attorney, if retained, or a family member. These restrictions shall also apply to an employee against whom the complaint has been filed, as well as those who may have witnessed the incident(s). All employees are required to cooperate with the investigation.

9-4 Investigation

Allegations of harassment will be taken very seriously and quickly investigated. To the fullest extent possible under law, the alleged victim/complainant's confidentiality and that of any witnesses and the alleged offender will be protected against unnecessary disclosure. After receipt and initial review of the complaint, the Human Resource Director shall determine who shall perform the investigation (the Department Director, Human Resource Director, or an investigation team). The investigator(s) shall give the complainant an estimate of how long the investigation should take. Should circumstances arise that prevent the investigation from being completed during the aforementioned estimate of time, the investigator(s) shall notify complainant of a revised time estimate.

The results/conclusion of the investigation will be communicated to the person bringing the complaint and the alleged offender and will be documented in writing. If the investigation shows a violation of this policy has occurred, management shall take immediate and appropriate corrective action. If the allegations of harassment are sufficiently serious, the employee may be reassigned or placed on administrative leave with pay pending completion of the investigation.

A complainant may withdraw a complaint at any time. However, the Village may still pursue an investigation to determine whether disciplinary action is warranted whether on the basis of a validated complaint or falsification of a complaint.

9-5 Notice to Complainant

The Human Resource Director shall notify the complainant of the findings of the investigation, and shall follow up, if necessary, on periodic basis.

9-6 Consequences

Upon conclusion of the investigation, the Human Resource Director shall meet with the Department Director to discuss the findings and determine appropriate action, if any.

Where the investigation substantiates an allegation of prohibited conduct, appropriate measures will be taken to remedy violations of this policy. Discipline, up to and including termination will be imposed upon any employee who is found to have engaged in conduct prohibited by this policy. The Village reserves the right to terminate an employee without following progressive discipline.

CHAPTER 10. TERMINATION OF EMPLOYMENT

2. Dismissal of Classified Employees: A classified employee may be dismissed for cause including but not limited to:
 - a. As a result of disciplinary action.
 - b. Due to loss of skill, certification or other conditions which would make the employee unfit; and/or lack of qualifications for service.
 - c. When the Village has made a determination that a lack of work or funding exists with respect to a position(s).
 - d. Because of a physical or mental impairment that cannot be accommodated (see Disability Termination).
 - e. Whenever the Village Manager determines to make changes deemed to be in the best interest of the Village.
 - f. Dereliction of duty
 - g. Failure to report any criminal conviction
 - h. Upon conviction of a criminal act
 - i. Flagrant or continued failure to obey work rules and regulations, as set forth herein or as may be set forth in writing by Department Directors of Village Manager
 - j. Inability to work with others
 - k. Dishonesty in the execution of job duties or dishonesty when participating in an administrative investigation
 - l. For other employee conduct which is detrimental or prejudicial to the best interests of the Village government
 - m. For misuse of Village credit card
 - n. If grant funding ceases to continue for specific positions
3. Appointed Positions – Village Manager, Police Chief, Emergency Manager, and Village Clerk are all subject to appointment and re-appointment at the discretion of the Governing Body.

An employee who has been dismissed due to the result of disciplinary action or dismissed during the probationary period will not be eligible for rehire. However, depending on the circumstances, the Village Manager reserves the right to make a final ruling to allow an employee to be eligible for rehire.

10-2 Disability Termination

An employee who has a physical or mental impairment that prevents the employee from performing the essential job functions of the employee's position and the employee cannot be reasonably accommodated may be subject to disability termination. Termination must be supported by medical evidence, which establishes that the individual is unable to perform the essential job functions. The Village may require an examination or evaluation at its expense performed by a physician of its choice. Failure to submit to such request may also result in termination.

10-3 Resignation

Any employee wishing to leave the Village of Ruidoso in good standing shall file, with their supervisor, a written resignation, stating the date the resignation will become effective, the reason for leaving, and the employee must schedule and complete an exit interview with the Human Resources Department. A minimum advance notice by the employee of two weeks is required. Failure to give a two-week notice will be recorded in the resigning employee's personnel file and may be cause for denying re-employment with the Village of Ruidoso. However, the Department Director/Manager shall make the determination of rehire status with written documentation.

If the employee does not submit a letter of resignation, the Department Director/Manager shall submit a memo of resignation and submit it to the Human Resources Department.

The exit interview will determine reasons for separation, as well as opinions and recommendations for improving management policies and practices. The exit interview should take place during normal working hours during the employee's last week of work. The employee must schedule the exit interview with the Human Resources Department. Where an exit interview cannot be scheduled, the Human Resources Department may mail an exit interview form to the former employee for completion or conduct a telephone interview. The record completed during the exit interview will be retained in the administrative files of the Human Resources Department but will not be included in the employee's personnel file.

The Human Resources representative will provide information concerning extended benefits, PERA, COBRA, uniform returns, employment verification, and other pertinent matters.

Once a resignation has been presented in writing, it cannot be withdrawn except in cases approved by the Village Manager.

The Village Manager is the only person authorized to approve the rehire of a person recorded as not eligible for rehire.

10-4 Reduction in Force (RIF-Lay Off)

When a position must be discontinued or abolished, Reduction in Force (RIF) regulations must give effect to five factors in releasing employees:

1. Tenure of employment (e.g., type of appointment, position)
2. Veteran's preference
3. Length of service
4. Performance ratings
5. Qualifications/skills

A RIF of employees may occur for reasons such as: funding constraints, reorganization, lack of work, inadequate employee base, excessive employee base, or the exercise of certain reemployment or restoration rights. A furlough of more than 30 calendar days, or of more than 22 consecutive workdays, is also a RIF action.

The Department Director/Manager will submit a written report to the Human Resources Director as to the employees to be laid off for final determination and recommendation by the Village Manager. The order of layoff of employees will be determined on the basis of relative suitability for the jobs that remain performance evaluations, and length of continuous service. Laid off employees are encouraged to apply for open positions that meet their skills. The Village Manager has final approval for all reductions in force. An employee who, after receiving official written notice of impending reduction-in-force, retires or applies for retirement prior to the separation date waives the right to priority consideration and severance salary continuation.

An employee who must be laid off shall be notified in writing at least two weeks prior to the effective date or shall be granted equivalent severance pay in lieu of notice. An employee separated through a reduction in force may appeal that separation if it is alleged the separation is in retaliation for the employee's opposition to alleged discrimination on account of the employee's age, sex, race, color, national origin, religion, creed, political affiliation, or handicapping condition. Such an appeal may be filed directly with the Human Resources Department, at the choice of the employee. The appeal process is outlined in Chapter 11.

Laid off employees shall remain on the layoff list for up to one year at which time the layoff list shall expire. No new employee shall be hired until qualified employees on layoff have had an opportunity to be recalled or the layoff list has expired. Alternative: Pursuant to NMSA § 10-9-19, whenever an employee is terminated by an employer in a reduction in force by the employer, the terminated employee shall be rehired by that employer if the same or a comparable position becomes available in an increase of force within six months after the termination. The employees separated in a reduction in force will be maintained on the layoff/recall list as described herein. An employee remains on the layoff/recall list for a period of twelve months unless the employee refuses an interview or fails to respond to a recall as described below, or has accepted a position at the Village for at or above the pay rate for which the employee was at the time of separation.

It shall be the responsibility of the laid off employee to notify the Human Resources Department of any changes in their mailing address and/or telephone number. Failure

to provide current correct address information shall automatically remove the candidate from the layoff/recall list and the Village shall have no further obligation to the laid off employee.

In a recall situation, the qualified employee with the greatest seniority in the position shall be recalled first if that employee has an appropriate skill set for the position applied for. An employee, who has a break in service (more than 31 calendar days), may be required to serve a new probationary period if: the essential duties and responsibilities of the position into which the employee is being reemployed are significantly different from those of the position held at the time of reduction in force notification; or in the judgment of the Village Manager, a new probationary period is justified. The employee shall be notified in writing of the decision to require a new probationary period.

The Village shall notify employees of the recall by return receipt requested mail at the last known address. The employee must respond in writing by return receipt requested mail or may hand deliver the response to the Human Resources Department and have an employee of the Human Resources Department sign for the written response. The written response must be mailed or hand delivered within five business days of receipt of the recall notice. Failure to respond within the five business days of receipt of recall notice shall automatically remove the candidate from the layoff/recall list and the Village shall have no further obligation to the laid off employee.

Employees being recalled shall be allowed a maximum of 10 business days from the date of the signed receipt of notice to report to work. Failure to report to work within the 10 business days shall remove the employee from the layoff/recall list and the Village shall not have any further obligation to the laid off employee.

10-5 INELIGIBLE FOR CONTINUED EMPLOYMENT See Chapter 2 at 2-20.

10-6 Death
Separation shall be effective as of the date of death. All compensation and accrued leave pay shall be paid to the estate of the employee, except for such sums that may be paid directly to the surviving spouse. Pay out on accumulated vacation and accumulated sick shall be in accordance with section 6-4-5, 6-8, and 10-9 of this manual. If an employee dies while conducting work for the Village of Ruidoso and at no fault of their own will be paid out all vacation and sick leave benefits to the surviving spouse or estate.

10-7 Unauthorized Leave
An employee who is absent from duty without approval shall receive no pay for the duration of the absence and may be subject to termination. An unauthorized absence for three days in a row will be considered job abandonment and the Village will begin termination procedures as outlined herein.

10-8 Return of Village Property
It is the responsibility of the Department Director/Manager to make sure a terminating employee has returned all Village owned property. Prior to the final paycheck, the Department Director/Manager must certify in writing by using the Village of Ruidoso Property Agreement that the employee has returned all - (where applicable), keys, I.D.

badges, emblems, patches, or other such items of Village property and send the completed Village of Ruidoso Property Agreement form to the Human Resources Department. This form can be found in Appendix B.

**10-9 Termination/Retirement Pay
Wages**

All terminating/retiring and employee eligible under 10-6 shall receive payment for earned wages including any compensatory time balance. Employees who terminate voluntarily will receive their final paycheck on the next regularly scheduled payday.

Sick Leave

All retiring and employees that are eligible under 10-6 will receive payment for all unused sick leave in accordance with 6-4-5 herein.

All voluntary terminated employees will receive payment for a portion of unused sick leave as stated below and in accordance with 6-4-5 herein.

- A classified employee, who has not met his tenth year of continuous full-time/part-time employment, shall not be paid any of his/her sick leave balance.
- A classified employee who has worked at least ten years but has not completed his/her fifteenth year of continuous full-time/part-time employment shall be paid up 50% of his/her sick leave balance not to exceed 260 hours.
- A classified employee who has worked at least fifteen years but has not completed his/her twentieth year of continuous full-time/part-time employment shall be paid up 75% of his/her sick leave balance not to exceed 390 hours.
- A classified employee who has worked at least twenty years of continuous full-time/part-time employment shall be paid up 100% of his/her sick leave balance not to exceed 520 hours.

Involuntarily terminated employees will not receive any sick leave payment for unused sick leave regardless of balance.

Vacation Leave

All terminating/retiring and employees eligible under 10-6 shall receive payment for all unused accrued vacation leave.

Longevity Pay

Terminating employees shall not receive any longevity pay.

10-10 Longevity Pay on Retirement

If an employee retires (eligible for PERA and/or social security) after June 30th but before the next December payment, that employee shall be entitled to the full amount of longevity paid at \$4.00 for each full month of employment, not to exceed \$1,200.00.

10-11 Disbursement of Final Pay Check

When an employee resigns their position, the earned salary or wages plus any other compensation (such as annual leave accrual) shall be due and payable on the next regular payday. When an employee is dismissed from employment, the earned salary or wages plus any other compensation (such as annual leave accrual) shall be due and payable no later than the fifth (5th) calendar day following dismissal. Exempt employees will be paid a proportionate part of that employee's full salary for the time actually worked in last week of employment. The employee's final paycheck will be forwarded to the Human Resources Department for disbursement.

CHAPTER 11. EMPLOYEE-MANAGEMENT RELATIONS

11-1 Village Manager's Open Door

The Village Manager is available to any employee seeking to discuss work-related problems or concerns in an open and informal manner. When an employee has made a good faith effort to resolve difficulties with their Director/Manager and feels that their concerns have not been adequately addressed, they have the right to meet with the Village Manager without fear of reprisal or retaliation. 11-7 DWI/DUI

Employees who receive a second or subsequent DWI/DUI Offense within five (5) years of the beginning of the current fiscal year are not insurable through the Village of Ruidoso. This means an employee cannot drive a village vehicle nor drive a personal vehicle on village time or to represent the Village in any capacity.

Employees hired after the beginning of the fiscal year are not insurable if they have a second or subsequent DWI/DUI conviction within five (5) years of the date of hire. This means an employee cannot drive a village vehicle nor drive a personal vehicle on village time or to represent the Village in any capacity.

If the employee is in the position of Police Officer, he/she will be terminated upon receiving conviction of the first DWI while employed with the Village of Ruidoso.

If the employee is in the position of Firefighter, he/she will be terminated upon receiving conviction of the first DWI while employed with the Village of Ruidoso.

All employees will be subject to comply with state and federal regulations regarding employment upon conviction of DWI/DUI.

If the employee has a position that requires a valid NM driver's license and the Department Director is not able to modify the job in order that the employee not be required to drive, then the employee will be terminated.

11-8 Forms of Disciplinary Action:

A. Forms of disciplinary action which may be initiated are:

1. Documented verbal warning/counseling – form is located in Appendix B for documenting the action. The documented verbal warning/counseling is a written document of the meeting, reason for counseling, and desired outcome. The original form must be signed and submitted to the Human Resources Department to be placed in the employees personnel file.
2. Written warning: The Department Director shall go over the action with the employee and have the employee sign and receive a copy of the written warning. A record of any written disciplinary action taken shall be sent to the Human Resources Department stating the cause for discipline and citing the specific elements upon which it is based. A copy of the written notice shall be placed in the employee's personnel file. Performance Correction Notices are located in Appendix B.
3. Suspension without pay up to and including three days: The Village Manager may suspend an employee for cause for a period of three days or less (One shift day for Fire). The cause for suspension shall be documented in writing and shall be submitted to the employee who shall acknowledge its receipt in writing. A copy of the signed document shall be submitted to the Human Resource Department and placed in the employee's personnel file. Employees who appeal this suspension to the Manager must do so in writing within two working days of the notice of suspension pursuant to the procedures for appealing disciplinary actions provided in this chapter. Performance Correction Notices are located in Appendix B.
4. Adverse action affecting employment status (suspension without pay, longer than three days, demotion, and dismissal): Any recommended action which would adversely affect the employment status of a non-probationary employee will be reviewed by the Human Resource Director prior to imposing such action. Adverse action is defined as suspension without pay longer than three days, demotion, or dismissal.

Notwithstanding the provisions of the above paragraph, a director or manager may immediately suspend and remove from the work environment any employee who poses a clear and present danger to himself or to others; who is committing or has committed a criminal act; or who otherwise is physically or mentally incapable of fulfilling the obligations of a job. In such cases, the employee may be asked to leave the work site. A determination will be made at a later time as to whether or not the suspension time will be deemed paid or unpaid.

B. **Alternative Employee Performance Evaluation:** Depending on the situation, this can be used as a counseling tool or as a disciplinary action. It is used when the supervisor sees a problem that may affect the employee's annual or probationary performance evaluation and the extra evaluating is needed to bring performance up to an acceptable level. There is no formal form because each evaluation is unique to the

employee needing the additional evaluating period(s). With the alternative evaluation, the supervisor and/or Department Director will identify the time frame, the factors, results expected, available resources, action plan, and what the consequences might be.

C. Minor infractions will normally result in oral warnings. Continued or repetitive infractions may invoke progressively severe disciplinary action. Depending on severity, some incidents in and of themselves will be sufficient cause for suspension, demotion, and/or dismissal. A written record of all disciplinary action including oral warnings shall be sent to the Human Resources Department. Although discipline can be progressive, circumstances may dictate that progressive discipline need not be followed.

Actions will reflect the type, frequency, and severity of the misconduct.

11-9 Complaint Procedure

An employee has the right to discuss any aspects of his/her employment with the immediate supervisor and failure to reach a resolution will entitle the employee to proceed through the chain of command without interference from the immediate supervisor. The complaint procedure is not applicable in instances of discipline. Employee complaints of discrimination or harassment based on race, color, religion, sex, sexual orientation, age, national origin, physical or mental disability or serious medical conditions should be reported directly to the Department Director/Manager or Human Resources Director or Village Manager in compliance with the Village's harassment reporting procedures in Chapter 9

Every eligible employee with a grievance shall have the privilege of presenting the grievance in accordance with the following procedures without fear of restraint, interference, discrimination, or reprisal.

Employee Grievance

1. Grievance means a formal, written complaint from an employee concerning actions or inactions taken by an employee of the Village of Ruidoso. A grievance is a perceived or actual misunderstanding or disagreement regarding the meaning, interpretation, application or alleged violation of the Personnel Policy Manual and approved department policies and rules or other Manager policies.
2. Supervisors and Department Directors/Managers will comply with these policies and will manage and direct employees fairly to minimize or reduce misunderstandings, problems, complaints, or grievances.

Employee complaints of discrimination or harassment based on race, color, religion, sex, sexual orientation, age, national origin, physical or mental disability or serious medical conditions should be reported directly to the Department Director/Manager or Human Resources Director or Village Manager in compliance with the Village's harassment reporting procedures.

4. The wording "eligible employee" means any classified full-time and classified part-time employee. The Village Manager, appointed employees, grant funded employee, temporary employees, and probationary employees shall not have access to the grievance procedure.

The grievance procedure is as follows:

 - The Human Resources Director will forward the grievance on to the Department Director/Manager within five (5) working days of receipt of written grievance.
 - The Department Director/Manager will set a meeting within ten (10) working days from notification of the Human Resources Director.

 - If the grievance is not mutually resolved, proceed to Step 3.
- If Step One (1) meeting was directly with the Department Director/Manager, the employee may submit the written grievance within five (5) working days to the Human Resources Director to forward to the Village Manager or Deputy Village Manager and proceed directly to Step Three (3).

- The Village Manager's decision is final and non-appealable except in cases of termination, demotion, suspension, or lay off. In these cases, proceed to the Predetermination Hearing which is listed in the Due Process Procedures as listed in this manual.
- The Mayor will review all facts when a grievance filed is directed at the Village Manager.

All grievances will be maintained in employees personnel file. All information and documentation involved in the grievance process shall be considered and treated by all involved as confidential to the extent permitted by law.

11-11 No Retaliation

The Village of Ruidoso shall not discriminate against any employee or other person who reports a violation of the terms of any contract or any other law or regulation to any appropriate Village authority or law enforcement personnel if the report is made in "good faith."

11-12 Due Process for Classified Employees:

When an adverse action is recommended, a predetermination meeting will be provided to the classified employee. This informal meeting provides the classified employee with the opportunity to be heard as to why discipline should not be taken. This meeting serves as a check against mistaken decisions and determines whether there are reasonable grounds to believe that the charges against the employee are true and support the proposed action.

1. In such situations, The Department Director shall present the employee with a written notice which shall include the reason(s) for the proposed discipline, an explanation of the facts in support of the proposed discipline, and the date, time, and place of the predetermination meeting. The Department Director will use reasonable means to assure the employee receives notice of the predetermination meeting at least three calendar days before the time set for the meeting.
2. The employee may be placed on administrative leave, with or without pay, depending upon the circumstances until the predetermination meeting.
3. The Department Director shall conduct the predetermination meeting. This meeting is a personnel action. Internal personnel actions are a matter between the employee and the Village and are not public meetings. The Department Director shall conduct the meeting with the employee and a

representative from the Human Resources department must be present. No other party or representative shall be allowed to attend.

4. The Department Director shall consider all the facts presented and determine whether to uphold, modify, or reverse the proposed action.
5. If the decision is to uphold the proposed adverse action, the action shall be effective the date the employee is notified of the decision. Notification shall be by certified mail, return receipt, request to employees last known address as provided to Human Resources Department. Notification will be as of the date of mailing.
6. If the employee fails to attend the predetermination meeting, the adverse action shall be effective at the time the employee was presented the notice of meeting.
7. The employee has the right to request, in writing, a post determination hearing. This written request must be received in the Human Resources Department within 10 days of the receipt of the Department Director's decision.

A Post Determination hearing provides a more formal process in accordance with due process requirements. The Village Manager shall designate a Hearing Officer who shall conduct the post determination hearing.

A criterion for the hearing officer is as follows:

- The hearing officer must be from the legal community, which means a lawyer, judge or a qualified Human Resources Director who has administrative hearings experience or municipal government experience.
- The hearing officer may be someone from the local community.
- If not a judge or a lawyer, which is preferable, the hearing officer must:
 - Have sufficient knowledge of municipal, employment law, and issues as demonstrated through experience or education
 - Have no ties to the Village of Ruidoso, personally or financially

When the employee requests a post determination hearing as provided above, the Human Resources Director will distribute the applicable hearing procedures to the employee or his/her representative if he/she is known. The employee may be represented by one person such as legal counsel or other representative. The employee must notify the Human Resources Director at least (5) five working days prior to the time of the hearing if legal counsel is to be present.

Any action by an employee which is evidences of an intent not to proceed with the post determination hearing, such as filing suit, shall constitute a waiver of the right to a post determination hearing. Any further appeal shall be pursuant to NMRA1-075.

The hearing officer shall render a written determination to the employee in a reasonable time. The Hearing Officer may uphold, reverse, or modify the Department

Director's/Village Manager's action. If the determination is to uphold the adverse action, the effective date shall be the day the employee received notice of the Department Director's or Village Manager's decision. The decision of the hearing officer is final and the employee shall have no further right of appeal within the Village of Ruidoso.

11-13 Procedures for Appeal of Suspension of three days or less:

An employee appealing this suspension would need to file a written appeal to the Human Resources Department within five (5) working days of the receipt of the notice of suspension.

The appeal must be signed by the employee and contain the employee's statement explaining the reasons for the appeal in detail and give the action desired. The Manager may, at their discretion, elect to hold a hearing or hear additional evidence, but there will be no hearing officer appointed and no record will be maintained. The Manager shall render a timely decision and reserves the right to modify the penalty imposed. The decision shall be final.

11-14 Procedures for Post - Suspension, Post - Demotion hearing, or Post - Termination Hearings:

An employee appealing a suspension of longer than three days, a demotion, or a termination pursuant to this chapter of the Personnel Manual would need to file a written appeal to the Human Resource Department within ten (10) business days of receipt the Department Director or Village Manager's notice of the demotion, or suspension of longer than three days, or the termination.

The appeal must be signed by the employee and contain the employee's statement explaining the reasons for the appeal in detail and give the action desired.

The Village Manager shall designate a Hearing Officer to conduct the hearing.

CHAPTER 13. VEHICLE USAGE

13-1 **Purpose:**

The Village of Ruidoso provides Village owned vehicles as required for the efficient operation of Village business. The Village understands that certain standards must be enforced and followed for safe and efficient fleet operation. In addition, to deliver quality municipal services, at times, it may be beneficial to require an employee to take home a Village vehicle.

13-2 **Policy:**

It shall be the policy of the Village of Ruidoso to maintain general procedures for all employees to follow when Village vehicle usage is permitted. In addition, the Village shall permit authorized employees to take home a Village vehicle according to the following procedures. Village vehicles shall not be for personal use. Any departmental policy cannot be in conflict with this policy.

13-3 **Procedure:**

A. Who can take home a vehicle?

1. If justification supports, employees who live within the Village of Ruidoso or within a three mile radius of the Village limits are eligible to take home a Village vehicle with written approval of the department director and Village Manager. Employees who reside outside the three mile radius of the Village of Ruidoso are not eligible to take a Village owned vehicle home except;
2. Emergency vehicles - which are defined by Federal regulations (Police and Fire department only) and as approved in writing by the Chief of the department and the Village Manager.
3. Other vehicles on a case-by-case situation as approved in writing by the Village Manager.
4. There may be circumstances where an employee may take a Village vehicle home on non-recurring basis. This is only when it is beneficial to the Village of Ruidoso, the department or Village Manager, such as on call personnel, snow removal, and during an emergency situation. Employees still need to fill out the "Request to Take Home a Village Vehicle" and approval is still needed by the Department Director and Village Manager. Employees that take a Village vehicle home on a non-recurring basis need to mark that box on the request and list the reasons and when they would be taking a Village vehicle home.

5. Each Department Director is responsible for having the employees fill out the vehicle take home agreement annually based on fiscal year. New agreements are due before July 1, to the Village Manager for approval for the fiscal year. Department Directors shall also submit any updates as they occur during the year. These updates are also subject to the approval of the Village Manager.
 - a.) Employees shall also be required to sign an *Employee Take Home Vehicle Agreement*.
 - b.) The Department Director or designee shall personally review this policy, the Employee Take Home Agreement, and any departmental vehicle policy with the employee.

- B. Each operator of a Village-owned vehicle must possess a valid and properly classed New Mexico driver's license for the vehicle being operated.

- C. Non-insurable employee:
An employee deemed non-insurable under the New Mexico Self Insurers Fund (NMSIF) will not be allowed to drive a Village vehicle. Based upon the position the employee holds, an employee may be subject to dismissal from employment.

- D. Assigned Vehicles:
Some employees who regularly use Village vehicles may be assigned specific vehicles. However, during business hours when the vehicle is not in use, it shall be made available to other Village employees who may require the use of it.

- E. Emergencies:
In a bonafide emergency, when transportation is not available, the Department Director may request that another Village vehicle transport the called out employee.

- F. Vehicle Safety:
 1. When operating a Village-owned vehicle, an employee shall strictly adhere to the safety manual, posted speed limits, and other motor vehicle and traffic regulations. Vehicles shall be operated in a safe and responsible manner appropriate to road, traffic, and weather conditions, with special regard to driving courtesy. It is the responsibility of the Department Director to ensure that all drivers receive Coaching the Experience Driver Training or Defensive Driving Course or a related equivalent every two years.

 2. All employees operating Village vehicles shall exercise due regard for the safety of all persons; protection of life is paramount. Employees shall drive defensively at all times. No job, task, call, or incident justifies disregard of public safety and traffic laws. Further, Village drivers are expected to demonstrate exemplary driving behavior.

 3. All employees operating Village vehicles or equipment are not to use a cell phone while driving a Village vehicle or equipment. You must have hands free device if talking on cell phone in a vehicle. This doesn't pertain to Police Officers or Fire Fighters.

Texting and emailing are prohibited while operating a Village vehicle or equipment.

- G. Maintenance of Vehicle:
1. Maintenance, repair, upkeep, and vehicle inspections of the assigned vehicle are the primary responsibility of the employee to whom the vehicle is assigned.
 2. If the vehicle is not specifically assigned to any one employee, it is the Department Director's (or designee's) responsibility to assure that the maintenance, repair, upkeep, and inspections are performed.
 3. Except for those exempt by the Village Manager, all Village vehicles are to be identified with approved Village emblems. These emblems are to be placed on the driver and passenger side doors. The logos must be permanent and not removable (example magnetic not allowed).
- H. Abuse or misuse of a Village-owned vehicle:
An employee who abuses or misuses a Village vehicle may lose the privilege of assignment or operation of the Village-owned vehicle and possible dismissal from Village employment.
- I. Passengers:
1. Animals are not permitted to ride in the same compartment in which humans ride.
 2. Non-employees conducting Village business may at times ride in a Village owned vehicle with the approval of the Department Director or Village Manager.
- J. Personal use of a Village owned vehicle:
1. A Village owned vehicle is not to be used for personal use. These vehicles are to be used to transport an employee to and from work and to conduct related business.
 2. Use of a Village vehicle other than for work related business is strictly prohibited unless otherwise approved in writing by the Village Manager.
 3. However, if needed and "within reason," an employee is permitted to stop at a store or cleaners etc. on his/her way to or from the work site. An example of "within reason" would be: An employee leaves work and drives by the grocery store on his way home from work. It would be appropriate to stop at the store for groceries. It would not be appropriate to drive the Village vehicle home, and then drive the Village vehicle back to the grocery store. If an employee is not sure of what is "within reason," the employee is responsible for asking the Department Director for approval.
 4. No open alcoholic containers are permitted in a Village vehicle with the exception of evidence materials.

5. No unopened alcoholic containers are permitted unless approved by the Village Manager for Village sponsored activities.

K. Departmental Procedures:

This policy is the general guideline. A department that uses vehicles and allows take home vehicles may develop departmental policies. A Departmental policy cannot be in conflict with this policy. The Departmental policy is subject to the approval of the Village Manager and will be submitted to the Human Resources Office once approved.

L. Federal Benefit Tax:

The Federal Government has determined that taking home a vehicle is considered a benefit to the employee. According to the Federal Government, it does not matter why an employee takes home a vehicle, it is still considered a benefit, and therefore this benefit tax applies. An employee who takes home a vehicle, for any reason, (except for police and fire vehicles), is required to pay tax on an amount equivalent to \$3.00 for each day the vehicle is taken home. **However, it is noted that if the Federal government changes the \$3.00 the Village will use the new amount for taxing purposes.** The number of days a vehicle is taken home is to be entered on the employee's time sheet (days off are not counted). The Federal Government has determined that Police and Fire departments emergency vehicles are exempt from this law. In addition, it specifically says that just because a vehicle has lights on it, does not make it an exempt emergency vehicle. This means that only the police vehicles in department 40 and the Fire vehicles in department 50 are considered exempt. All other take home vehicles fall under this taxable benefit.

M. Use of Personal Vehicles for Village Business

All Village employees required to drive their personal vehicles on behalf of Village business will be paid reimbursement based on the amount allowable in the New Mexico State Statutes and are required to meet the following criteria.

- Meet the current requirements of the Village's auto insurance policy.
- Possess and provide copies of a New Mexico driver's license to the Human Resources Department.
- Possess and provide copies of proof of personal liability auto insurance, with minimum limits as required by state law. Copies must be provided to the Executive Secretary.

Employees who use their personal vehicle on official Village business must have prior approval from their immediate supervisor. A mileage reimbursement form will be maintained by the employee and reimbursement will be made according to the mileage driven. Actual odometer readings will be used to calculate reimbursement mileage. A recognized resource may also be used to establish mileage such as but not limited to State of New Mexico Map, MapQuest, etc.

Mileage reimbursement rates are set in accordance with §10-8-4, NMSA 1978 (Per Diem and Mileage Rates)

N. Use of Village Gas Cards

A Village gas card is not to be used for personal vehicles no matter what the

circumstance, without prior approval from the Village Manager. If approval is granted all gas receipts must be turned in to Director/Manager for reconciliation within ten (10) days of return from travel.

Travel request forms must be completed and approved in advance for issuance of out of town travel gas cards. If approval is granted all gas receipts must be turned in to Director/Manager for reconciliation within ten (10) days of return from travel.

Texting and Talking on Hand-Held Cell Phones While Driving

Policy:

PURPOSE: To establish a policy that supports a safe driving environment to protect the employee, and the public from the dangers of distracted driving. The following establishes a policy concerning the use of Village owned and private cell phones on the job while driving Village vehicle, equipment, and a personal vehicle on Village business.

The increasing concerns to the Village of Ruidoso are the dangers of distracted driving. Recent deadly crashes involving drivers distracted by talking and texting while driving highlight a growing danger on our roads. Numerous studies have demonstrated how the use of hand-held cell phones while driving pose a significant safety risk to motorists, their passengers and others on the road. In fact, according to the National Highway Traffic Safety Administration (NHTSA), in 2008, nearly 6,000 people died in crashes involving a distracted driver.

POLICY: Therefore, the Village of Ruidoso will no longer tolerate texting or talking on a hand-held phone while operating a village vehicle or while using a village issued cell phone while operating a personal vehicle on village business. This includes, but is not limited to, answering or making phone calls, engaging in phone conversations, reading, or responding to e-mails and text messages. Hands-free devices are permitted; however conversations should be quick or pull over to carry on a long conversation. The main purpose of being in a vehicle or on equipment is to focus on your work at hand and the equipment you are using. Radio operations are not affected by this policy.

The Village of Ruidoso employees are required to:

- **Turn cell phones off or put on silent or vibrate before starting the car.**
- **Pull over to a safe place if a call must be made or received while on the road.**
- **Consider modifying voice mail greeting to indicate that you are unavailable to answer calls or return messages while driving.**
- **Inform clients, associates and business partners of this policy as an explanation of why calls may not be returned immediately.**

The Village of Ruidoso is concerned about the safety of its employees. It is our goal that if we lead by example, the practice of no texting or talking on hand-held cell phones while behind the wheel will spread throughout the community. Violations of this policy will lead to disciplinary action up to and including termination.

We understand that there are calls that need to be made while on the road, but we are now requiring that if you have to make that call, please pull safely over to the side of the road to do so. We are asking you to join us and simply "Put It Down." No conversation is worth causing a serious crash, or worse...losing your life.

Appendix A contains a statement of Acknowledgement that says you have read and fully understand the Village of Ruidoso policy on Texting and Talking on Hand-Held Cell Phones While Driving. Please sign it and return it to the Human Resources Department.

CHAPTER 14. ADA POLICY

14-1 **Policy Statement**

The Americans with Disabilities Act (ADA) and Americans with Disabilities Act Amended Act (ADAAA) require employers to reasonably accommodate qualified individuals with disabilities. It is the policy of the Village of Ruidoso to comply with all federal and state laws concerning the employment of persons with disabilities. It is the policy not to discriminate against qualified individuals with disabilities in regard to application procedures, hiring, advancement, discharge, compensation, training, or other terms, conditions, and privileges of employment.

The Village of Ruidoso does not exclude or deny equal jobs or benefits to, or otherwise discriminate against, a qualified individual because of a known disability.

Discrimination includes not making reasonable accommodations for known physical or mental limitations of an otherwise qualified individual with a disability, unless the agency can demonstrate that the accommodation would impose an undue hardship on the operation of the agency.

The Human Resources Department is responsible for implementing this policy, including resolution of reasonable accommodation, and undue hardship issues. The Human Resources Department is responsible for any investigation of any complaint alleging noncompliance.

14-2 **Definitions Related to Individuals with Disabilities**

The term “disability” means, with respect to an individual, a physical or mental impairment that substantially limits one or more of the individual’s major life activities, a record of having such an impairment, or being regarded as having such an impairment. “Major life activities” means functions such as caring for oneself, performing manual tasks, walking, seeing, hearing, eating, standing, lifting, bending, speaking, breathing, learning, reading, sleeping, concentrating, thinking, communicating, working, and the operation of a major bodily function such as functions of the immune system, normal cell growth and digestive, bowel, bladder, neurological, brain, respiratory, circulatory, endocrine and reproductive functions.

The term “qualified individual with a disability” refers to an individual with a disability who satisfies the requisite skill, experience, education, and other job-related requirements of the employment position such individual holds or desires, and who, with or without reasonable accommodation, can perform the essential functions of such position. Consideration shall be given to the agency’s judgment as to what functions of a job are essential, and if a written description has been prepared before advertising or interviewing applicants for the job, this description shall be considered evidence of the job’s essential functions.

The term “essential job functions” means the primary job functions or tasks that an individual must be able to perform, with or without a reasonable accommodation. They are those activities of a job that are core to performing said job.

The term “reasonable accommodation” may include (1) making existing facilities used by employees readily accessible to and usable by individuals with disabilities and (2) job restructuring, part-time or modified work schedules, reassignment to a vacant position,

acquisition, or modification of equipment or devices, appropriate adjustment or modifications of examinations, training materials or policies, the provision of qualified readers or interpreters, and other similar accommodations for individuals with disabilities.

The term “undue hardship” means an action requiring significant difficulty or expense, when considered in light of factors related to the nature and cost of the accommodation needed, overall financial resources of the affected facility and the Village, and other factors set out in law.

14-3 Exceptions to Definitions

A. Drug and Alcohol Abuse

The term “qualified individual with a disability” does not include any employee or applicant who is currently engaging in the illegal use of drugs, when the Village acts on the basis of such use. Nor does it include any individual who is an alcoholic whose current use of alcohol prevents the employee from performing the duties of the job in question or whose employment, by reason of such current alcohol abuse, would constitute a direct threat to property or the safety of others.

B. Direct Threat to Health or Safety

As a qualification standard, the Village may require that an individual shall not pose a direct threat to the health or safety of other individuals in the workplace. Although the term “physical and mental impairment” includes such contagious diseases as HIV disease (whether symptomatic or asymptomatic) and tuberculosis, an individual who by reason of such disease or infection would pose a direct threat to the health or safety of others that cannot be eliminated or reduced by reasonable accommodation or who is unable to perform the duties of the job shall not be considered a “qualified individual.”

The determination that an individual poses a “direct threat” shall be based on an individualized assessment of the individual’s present ability to safely perform the essential functions of the job. The assessment shall be based on a reasonable medical judgment that relies on the most current medical knowledge and/or on the best available objective evidence. In determining whether an individual would pose a direct threat, the factors to be considered include:

- The duration of the risk.
- The nature and severity of the potential harm.
- The likelihood that the potential harm will occur.
- The imminence of the potential harm.

14-4 Notice under ADA

The Village of Ruidoso shall make available to all applicants, participants, beneficiaries, and other interested persons information regarding the provisions of Title II of the Americans with Disabilities Act and its applicability to the Village’s programs, services, and activities. The information shall be made available in such manner as the Village Council finds necessary to apprise such persons of the protections against discrimination assured them by the ADA.

The Village of Ruidoso shall post notices in an accessible format to applicants, employees, and members describing the applicable provisions of Title II of the ADA.

14-5 Desire and Ability to Work

Procedures may be adapted to provide reasonable accommodation so that people with disabilities may remain employed and productive for as long as possible. All employees, however, are expected to perform the essential functions of their job with or without reasonable accommodations.

14-6 Performance Standard

While the ADA does protect disabled employees from employment discrimination, all employees, those with and without disabilities, have the same performance and conduct standards regarding hiring, promotion, transfer, and dismissal.

14-7 Relevant Information

An employee who believes that they have a serious or disabling condition protected under the ADA must inform the Village of Ruidoso and they will be accommodated consistent with the business needs of the Village of Ruidoso and state and federal laws. The employee agrees to provide the relevant and necessary information including up to a medical authorization to permit the Village or Ruidoso to make a determination as to a reasonable accommodation consistent with the physical or mental disability of the employee and the business needs of the Village of Ruidoso.

14-8 Duty to Report Alleged Violations

An employee who believes that there has been a violation of the ADA shall report it immediately directly to the Department Director/Manager or Human Resources of Village Manager.

14-9 Assurance against Retaliation

The Village of Ruidoso prohibits retaliation against anyone who in good faith requests an accommodation or reports discrimination in violation of the ADA. The reporting of any alleged discrimination will not result in any type of disciplinary or retaliation of any nature.

CHAPTER 15. DRUG AND ALCOHOL POLICY

The Village of Ruidoso has a vital interest in maintaining safe, healthful, and efficient working conditions for its employees. Being under the influence of a drug or alcohol on the job may pose serious safety and health risks not only to the user but to all those who work with the user. The use or sale of illegal drugs or alcohol in the workplace may also pose unacceptable risks for safe, healthful, and efficient operations.

The Village recognizes that its own future is dependent upon the physical and psychological health of its employees. Accordingly, it is the right, obligation, and intent of the Village to maintain a safe, healthful, and efficient working environment for all of its employees and to protect Village property, equipment, and operations.

An employee with a positive result of an alcohol or illegal drug will immediately be placed on leave without pay until such time as a determination is made by the Village Manager or designee as to the action to be taken.

If an employee has a positive result, but the result is not as a consequence of alcohol or illicit drugs the employee will be placed on leave until such as a determination is made by the MRO with substantiated documentation for such use. If the employee has complied with section 15-3 then the Village Manager or designee may make a determination that the employee may return to work prior to determination of the MRO. Excitement or Confusion
Sudden weight loss
Euphoria
Unsteady gait or balance
Flushed face
Other erratic behavior
Forgetfulness -performance faltering

Refusal to submit to alcohol or drug test - means that an employee:

1. Refuses to sign a consent to testing form;
2. Fails to provide adequate breath or urine for testing without a valid medical explanation after he has received notice of the requirement for testing;
3. Engages in conduct that clearly obstructs the testing process.

Any refusal listed above will be treated the same as a positive illegal, controlled substance test result or a breath alcohol content equal to or greater than 0.04.

Substance abuse - is exemplified by, but not limited to, the following:

1. Ingestion, inhalation, or injection of a controlled substance without proper written medical authorization;
2. Ingestion of an alcoholic beverage during working hours or on Village property unless authorized as part of a Village-sponsored event where the employee's ingestion is pursuant to their job responsibilities and where the employee's breath alcohol content is below 0.04;
3. Ingestion of an alcoholic beverage in a Village vehicle, or while operating Village equipment, or while on call or standby duty;
4. Ingestion, inhalation, or injection of a controlled substance without proper medical authorization, or ingestion of an alcoholic beverage during non-

- working hours, which causes an employee to be unable to work in a safe and effective manner during working hours;
5. Use of prescription or over-the-counter medication in a manner which it was not intended.

Testing Facility - means a certified laboratory or facility, approved by the Village to analyze body fluid or breath samples for specific controlled substances or alcohol.

A copy of the Village of Ruidoso Drug and Alcohol Procedures shall be provided to the testing facility. The testing facility shall comply with the procedures outlined in this document when conducting tests. The testing facility shall contact the Village Human Resource Director whenever it believes it is necessary to amend the testing procedures.

Under the influence - is defined as abnormal behavior during working hours or while on call or on standby duty, which results from indulging to any degree in any alcoholic beverage, controlled substance, or drug which may limit an employee's ability to safely and efficiently perform the duties or poses a threat to the safety of the employee or others.

Vehicle Accident - Means a vehicle accident in which an employee is involved during working hours and/or a vehicle accident in which the employee was involved driving a Village vehicle at any time.

Working Hours - (on duty) means from the time the employee arrives at the job site until the time the employee leaves including all lunch or other types of breaks.

15-2 **Department Directors and Supervisors**

Training - Department Director/Manager and Supervisory employees will be provided with specialized Training on alcohol misuse and drug abuse.

Supervisor's Responsibilities: Upon an observation or upon knowledge of an employee being under, or appearing to be under, the influence of drugs or alcohol or who poses a hazard to the safety and welfare of the employee or others, the supervisor will immediately notify the Department Director in a confidential manner.

Department Director/Manager: If the Department Director/Manager makes a determination that reasonable suspicion exists to conduct a drug or alcohol test, the Department Director/Manager will contact the medical facility for a drug screen and if warranted, the Police Department for a breath alcohol screen.

The Department Director/Manager or Supervisor will transport the employee to the collection facility.

**This information shall also be maintained in lawful confidentiality. Breach of confidentiality relating to test results or any other related matters will subject the employee to disciplinary action.

15-3 **Employee's Reporting Requirements - Legal Drugs**

Notification to Supervisor of Authorized Drug Use: Each employee shall report the use of medically authorized drugs or other substances which can impair job performance

to the immediate supervisor and provide proper written medical authorization to work from a physician. It is the employee's responsibility to determine from the physician whether or not the drug would impair job performance depending upon the nature of the employee's job. Failure to report the use of such drugs or other substances or failure to provide proper evidence of medical authorization will result in disciplinary action. Any information received from an employee under this provision will be kept confidential except to the extent it may be shared with individuals who are in a need to know position.

Participation in a medical use program of medical cannabis by a qualified patient/employee does not relieve the qualified patient/employee from criminal prosecution or civil penalties for activities which are not authorized in the Lynn and Erin Compassionate Use Act §26-2B-1, et. Seq., NMSA 1978.

Specifically, employees who use medical marijuana are notified that they are not authorized to use medical marijuana in the workplace and that they may face criminal prosecution and civil damages arising out of the operation of a vehicle while under the influence of cannabis.

The Village reserves the right to have a physician of its own choice determine if the medication produces hazardous effects at the prescribed dosage and may restrict the employee's work activity.

Additional Employee Responsibilities: Each employee who observes or has knowledge of another employee in an impaired condition to perform the job duties or who poses a hazard to the safety and welfare of the employee or others shall promptly report this fact to the immediate supervisor. If a supervisor or Department Director is observed as being impaired then the observing employee is to report this to the Human Resources Director. The employee making the observations must file a written report to the suspected employee's supervisor by the end of the shift of observing or learning of the condition. Any employee concealing the use of or condition of being under the influence of drugs, controlled substances, or alcohol by other employees on the job, or failing to make such a report will be subject to disciplinary action.

**Any employee who makes a reasonable cause observation or who may be a witness at an accident scene shall also maintain lawful confidentiality. Breach of confidentiality in the matter will subject the employee to disciplinary action.

Employee Cooperation: All employees are expected to cooperate in the testing process. Any conduct that clearly obstructs the testing process such as tampering with the specimen or the testing procedure will result in termination.

15-4 Required Drug and/or Alcohol Testing shall be conducted:

1. After an offer of employment
2. After an offer of transfer, promotion, or change in job position
3. After an accident
4. After a vehicle accident
5. When a reasonable suspicion exists

15-5 Types of Testing

When an applicant is required to submit to a drug and/or alcohol test, the applicant shall complete a consent form prior to testing. If the applicant does not understand the form, it will be explained. The form authorizes the exam/test and the release of medical information regarding the medical condition and any test results. When the applicant reports to the collection facility, he/she will be required to show positive picture identification. In certain circumstances, a Supervisor may drive the employee to the testing facility.

15-5-1 PRE-EMPLOYMENT TESTING

The Village will require applicants to submit to drug and alcohol testing after offering employment and before final selection. The Village will maintain pre-employment screening practices designed to prevent hiring individuals who use illegal drugs or individuals whose use of legal drugs or alcohol indicates a potential for impaired or unsafe job performance. If an applicant tests positive for alcohol, illicit drugs or illegal drugs during a pre-employment screening, the job offer will be withdrawn.

Any employee transferring or being promoted will be required to submit to drug and alcohol testing before beginning the new position. If an applicant tests positive for alcohol or illegal drugs during a drug screen for transferring or being promoted, the job offer will be withdrawn, and the employee will be subject to disciplinary action up to and including termination.

15-5-2 REASONABLE SUSPICION TESTING

The Village will require drug and alcohol testing if they have a reasonable suspicion that the employee has abused drugs or alcohol based on the following:

- Direct observation of physical symptoms or manifestations of drug or alcohol use while on duty, for example:
 1. Liquor on the breath.
 2. Slurred speech.
 3. Unsteady walk.
 4. Impaired coordination.
 5. Direct observation of the use or possession of drugs or drug paraphernalia.
 6. Direct observation of alcohol use while on duty.

A supervisor must secure approval from the next level supervisor (chain of command) and the Human Resources Director before requiring an employee to be tested, unless the requesting supervisor is the Village Manager. For reasonable suspicion, testing needs to have written documentation and the supervisor needs to fill out the Observed Impairment Form that is in Appendix B. This form needs to be filled out and submitted to the Human Resources Department immediately.

15-5-3 POST-ACCIDENT TESTING

All employees will be required to undergo drug and alcohol testing if they are involved in an accident while driving to conduct business for the

Village (whether in a Village vehicle or personal vehicle). This includes any employee involved in the accident whose performance cannot be completely discounted as a contributing factor to the accident.

- a) The appropriate supervisor shall ensure that an employee, required to be tested under this section, is tested as soon as practicable. If an alcohol test is not performed within two hours of the accident, the supervisor will document the reason(s) for the delay.
- b) An employee who is subject to post-accident testing who fails to remain readily available for such testing, including notifying a supervisor of their location or if he or she leaves the scene of the accident prior to submission to such test, may be deemed to have refused to submit to testing and subject to disciplinary action, including termination.
- c) Nothing in this section shall be construed to require the delay of necessary medical attention for the injured following an accident, or to prohibit an employee from leaving the scene of an accident for the period necessary to obtain assistance in responding to the accident, or to obtain necessary emergency medical care.
- d) In the rare event that the Village is unable to arrange for alcohol testing, (i.e., employee is unconscious, employee is detained by law enforcement agency), the Village may use alcohol post-accident test results directed by law enforcement officials.

15-6 On-the-Job Use, Possession, or Sale of Drugs or Alcohol

1. Alcohol

Being under the influence¹ of alcohol by any employee while on a Village property or in Village vehicles is prohibited in that such use or influence may affect the safety of co-workers or members of the public, the employee's job performance, or the overall safe and/or efficient operation of the Village. Except as permitted by management, consumption of alcohol in any Village facility is prohibited. The presence, in any detectable amount, of alcohol in an employee while performing Village business is prohibited.

2. Legal Drugs²

Except as provided below, the use of or being under the influence of any legally obtained drug by any employee while performing Village business or while in a

¹ "Under the influence" means, for the purposes of this policy, that the employee is affected by a drug or alcohol or the combination of a drug and alcohol in any detectable manner. The symptoms of influence are not confined to those consistent with misbehavior, nor to obvious impairment of physical or mental ability, such as slurred speech or difficulty in maintaining balance. A determination of influence can be established by a professional opinion, a scientifically valid test, or, in some cases such as alcohol, by a layperson's opinion.

² "Legal Drug" includes prescribed drugs and over-the-counter drugs which have been legally obtained and are being used for the purpose for which they were prescribed or manufactured.

Village facility or Village vehicle is prohibited in that such use or influence may affect the safety of co-workers or members of the public, the employee's job performance, or the safe or efficient operation of the Village facility. An employee may continue to work, even though under the influence of a legal drug, if the Department Director/Manager has determined, that the employee does not pose a threat to their own safety or the safety of co-workers and that the employee's job performance is not significantly affected by the legal drug. Otherwise, the employee may be required to take a leave of absence or comply with other appropriate action determined by the Department Director/Manager.

3. Illegal Drugs³

The manufacture, distribution, dispensing, sale, purchase, transfer, or possession of an illegal drug (including excessive quantities of prescription drugs) by any employee is prohibited. The presence of any detectable amount of any illegal drug in an employee, while performing Village business or while on Village property or in a Village vehicle, is prohibited.

15-7 Disciplinary Action

Violation of this policy can result in disciplinary action, up to and including termination, even for a first offense.

15-8 Searches

The Village may conduct unannounced searches for illegal drugs or alcohol on Village property or vehicles. Employees are expected to cooperate in the conducting of such searches.

Searches of employees and their personal property may be conducted when there is reasonable suspicion to believe that the employee(s) are in violation of this policy. Searches of employees and their personal property may otherwise be conducted when circumstances or workplace conditions justify them.

An employee's consent to a search is required as a condition of employment and the employee's refusal to consent may result in disciplinary action, including termination, even for a first refusal.

Searches of Village property or Village vehicle can be conducted at any time and do not have to be based on reasonable suspicion.

15-9 Drug and Alcohol Screening

The Village may require a blood test, urinalysis, or other drug/alcohol screening of those persons reasonably suspected of using or being under the influence of a drug or alcohol or where circumstances or workplace conditions justify it. An employee's consent to submit to such reasonable suspicion testing is required as a condition of employment and the employee's refusal to consent may result in disciplinary action, up to and including termination, for a first refusal or any subsequent refusal. Any employee who is

³ "Illegal Drug" means: any drug (a) which is not legally obtainable or (b) which is legally obtainable but has not been legally obtained. The term includes prescribed drugs not legally obtained and prescribed drugs not being used for prescribed purposes. It also includes marijuana and inhalants.

in an accident will be required to submit to drug and alcohol screening. The supervisor of an employee who is seriously injured in an accident and cannot provide consent for a breath or urine specimen at the time of the accident will accompany the employee to the hospital and request that the hospital perform the tests necessary in accordance with this policy to determine the presence of controlled substances or alcohol in the employee's body at the time of the accident.

15-9-1 Intoxicating Beverages

No employee shall:

- Consume an intoxicating beverage, regardless of alcohol content, or be under the influence of an intoxicating beverage, within four hours before going on duty or operating a Village vehicle; or
- Consume an intoxicating beverage, regardless of alcoholic content, or be under the influence of an intoxicating beverage, while on duty, or operating, or in physical control of a Village vehicle.

15-9-2 Drug and Alcohol Testing

Employees will be subject to drug and alcohol testing, in the form of periodic testing, random testing, reasonable cause testing, and post-accident testing. Any driver who is involved in a reportable accident must submit to an alcohol test as soon as practicable. If an alcohol test is not performed within two hours of the accident, the supervisor will document the reason(s) for the delay.

The refusal to submit to the alcohol testing will result in a driver not being qualified to drive. The employee may be subject to disciplinary action up to and including termination of employment.

15-10 Call Back Duty

Employees called back to work at a time when they are off duty and not on standby duty, and they have been consuming intoxicants, prescription and/or over the counter medication that could cause impairment, those employees shall report this usage to the person calling them for special duty. The person receiving the notification from the employee shall promptly notify the requesting supervisor. Employees will not be required to report for call back duty until such a time that they are in compliance with this drug and alcohol procedure (or their own departmental procedure if it is more strict than this procedure).

15-11 Participation in Treatment Programs

An employee may decide to seek assistance from drug and/or alcohol abuse education and treatment programs. The employee may use available sick leave or vacation leave to attend these programs. When the employee is seeking treatment, and not just impaired by substance usage, leave under Family Medical Leave Act (FMLA) or medical leave may also be available. See Chapter 6 Employee Benefits for more details on leave benefits.

15-12 Procedures for Administering Tests

When an applicant is required to submit to a drug and/or alcohol test, the applicant shall complete a consent form prior to testing. If the applicant does not understand the form, it will be explained. The form authorizes the exam/test and the release of medical information regarding the medical condition and any test results. When the applicant reports to the collection facility, he/she will be required to show positive picture identification.

After an offer of employment: Refusal to submit to the drug/alcohol test will be regarded the same as a positive drug test result or breath alcohol greater than .04 and the job offer will be withdrawn.

After an offer of transfer, promotion, or change in job description: Refusal to submit to the drug/alcohol test will be regarded the same as a positive drug test result or breath alcohol greater than .04 and the job offer will be withdrawn and the employee shall be subject to disciplinary action. If this is a subsequent positive, the employee shall be terminated.

After a reasonable suspicion: Refusal to submit to the drug/alcohol test will be regarded the same as a positive drug test result or breath alcohol greater than .04 and the employee shall be subject to disciplinary action. If this is a subsequent positive, the employee shall be terminated. When an employee is required to submit to a drug and/or alcohol test due to reasonable suspicion, the employee will be driven to the collection site by the Department Director or Supervisor.

Medical Examination: If the employee is unable to provide adequate breath or urine to conduct testing, the Village may require the individual to undergo a medical evaluation to develop pertinent information concerning whether the individual's inability to provide a specimen is genuine or constitutes a refusal to test. The cost of the medical exam shall be paid by the Village of Ruidoso and the employee will remain in a leave without pay status while awaiting the results of the medical exam.

Waiting for the test result:

The **applicant** will not be permitted to begin work with the Village of Ruidoso until the results of the test are received by the Human Resource Department.

An **employee**, who has been sent for a test due to suspicious reasonable cause, shall remain off duty in a leave without pay status until the results of the controlled substances test are received by the Human Resources Department.

Breath Alcohol Testing: Alcohol testing may be obtained through the blood or urine analysis and the certified lab shall convert the analysis into a breath alcohol reading. However, the Village of Ruidoso may choose to have the employee's breath alcohol content analyzed using an Evidential Breath Testing device (EBT) operated by a Breath Alcohol Technician (BAT). The test shall be conducted in a private setting.

15-13 Procedures for Administering Post Accident Testing

When the employee reports to the collection facility, he/she will be required to show positive picture identification. Consequently, employees are required to carry a valid driver's license with them while at work. Employees who do not have driver's licenses

are required to carry a valid identification card while at work. The collection facility will do a rapid drug screen for all post accidents.

After an accident or vehicle accident: Refusal to submit to the drug/alcohol test will be regarded the same as a positive drug test result or breath alcohol greater than .04 and the employee shall be subject to disciplinary action. If this is a subsequent positive, the employee shall be terminated.

When an employee is required to submit to a drug and/or alcohol test due to an accident or vehicle accident, the employee will be driven to the collection site by the Department Director or Supervisor. The Department Director or Supervisor will be given the drug screen results right away by the collection facility. The Human Resources Department will be notified by the collection facility.

Medical Examination: If the employee is unable to provide adequate breath or urine to conduct testing, the Village may require the individual to undergo a medical evaluation to develop pertinent information concerning whether the individual's inability to provide a specimen is genuine or constitutes a refusal to test. The cost of the medical exam shall be paid by the Village of Ruidoso and the employee will remain in a leave without pay status while awaiting the results of the medical exam.

Waiting for the test result: The employee and the supervisor will get the results immediately.

15-14 Post Test Procedures and Exam Results

If requested, a copy of the results of the test shall be supplied to the employee tested. The original results shall be maintained in a locked cabinet in the Human Resources Director's office for a period of at least two years, after which time they may be destroyed. However, the Human Resources Director may maintain the results and any reports on individuals who have violated this policy for the purpose of recording the number of violations.

Negative Results: If the test results are negative, no disciplinary hearing will be held and the employee will be given back pay as though he worked as previously scheduled for this time.

Positive Results: A Medical Review Officer (MRO): shall review and interpret positive results obtained from the lab. The MRO will examine the possible alternate medical explanations for any positive test results and give the individual testing positive an opportunity to discuss the test results prior to making a final decision. The MRO will then contact the Human Resources Director with the information. The MRO may verify a positive test result to the Human Resources Director without having communicated with the employee if the employee expressly declines to discuss the results of the test, or if the employee has not contacted the MRO within 24 hours after notification.

Medical Review Officer - (MRO) means a licensed physician (doctor or doctor of osteopathy) responsible for receiving laboratory results generated by an employer's drug testing program who has knowledge of substance abuse disorders and has appropriate medical training to interpret and evaluate an individual's confirmed positive test result together with his/her medical history and any other relevant biomedical information.

Positive Illegal Drug Test Result: The employee will be immediately placed on leave without pay and will not be allowed to perform any work on behalf of the Village.

Second Sample: An employee whose urine sample has tested positive has the option, within 72 hours of being notified by the MRO, of having the other portion of the split sample tested by the same lab or another certified lab. The employee will be required to pay the Village cash in advance for all costs related to the urine sample for the re-testing. The employee will remain on leave without pay while awaiting the results of the re-test.

If the second portion produces a negative result, or for any reason, the second portion is not available, the test is considered negative, no sanctions will be imposed and no disciplinary hearing will be held. Additionally, the Village will reimburse the employee for the expense of the re-test and back wages will be paid as though the employee worked as previously scheduled for this time period.

If the second portion confirms a positive result, the employee will be provided with a notice of a disciplinary hearing stating the date, time, and place of the hearing and a copy of the test results.

First Time Offense: If this is the employee's first time for a positive result for drug and alcohol testing equal to or less than .04 alcohol, at the hearing the employee may voluntarily agree to be evaluated by a substance abuse professional (SAP) who will determine what assistance, if any, the employee needs in resolving the problem. If the employee chooses to follow through with the course of action the SAP chooses, then the employee will not be terminated for violating the drug and alcohol policy at this time. The employee shall also be required to submit to unannounced drug and alcohol testing at least six times while on duty during the 12 months immediately following the release to work by the substance abuse professional. The employee's Department Director and/or the Human Resources Department will determine when the unannounced tests will be conducted. If the employee chooses not to be evaluated by the professional or the employee does not follow through with the course of action directed by the SAP, then this action by the employee shall be treated as though this were a subsequent positive result.

If an employee tests positive a second time during any other time while employee is employed with the Village of Ruidoso, the employee shall be terminated in accordance with Chapter 11 of this personnel policy.

Substance Abuse Professional (SAP) - a licensed physician (medical doctor or doctor of osteopathy), or a licensed or certified psychologist, social worker, or addiction counselor (certified by the National Association of Alcoholism and Drug Abuse Counselors Certification Commission) with knowledge of and clinical experience in the diagnosis and treatment of alcohol and controlled substance-related disorders.

Subsequent positive results: for alcohol testing at equal to or greater than .04 will result in termination of the employee's employment with the Village of Ruidoso, if within five (5) years of a previous offense, regardless of any break in service.

Law Enforcement Officers: the Village of Ruidoso has a zero tolerance policy regarding armed police officers under the influence of alcohol, regardless of level, while on duty. Employees who violate this policy are subject to disciplinary action up to and including termination.

Employees who test negative for illegal drugs or controlled substances, but positive for breath alcohol concentration below 0.02: will be allowed to return to duty unless the employee's departmental rules and regulations do not allow an employee's return to duty with any level of alcohol in their system.

Employees who test negative for illegal drugs or controlled substances, but positive for breath alcohol concentration equal to 0.02 but less than 0.04 will:

- A. Be placed on leave without pay and will not be allowed to perform any work on behalf of the Village for the 24 hour period immediately following the alcohol test and are no longer under the influence of alcohol. Another breath test will be performed to ensure that the employee is no longer under the influence of alcohol.
- B. Be required to submit to unannounced alcohol testing at least six times while on duty during the 12 months immediately following the initial test. The employee's Department Director and/or the Human Resource Department will determine when the unannounced tests will be conducted;
- C. Be terminated if the breath alcohol concentration falls in this range twice in any consecutive 12 month period.
- D. Further, an employee will be terminated if the employee's breath alcohol concentration falls in this range a total of four times during the employee's employment with the Village of Ruidoso, regardless of any break in service;

Employees who test negative for illegal drugs or controlled substances, but positive for breath alcohol concentration equal to or greater than 0.04 will:

- A. Be immediately placed on leave without pay and will not be allowed to perform any work on behalf of the Village;
- B. The employee will be provided with a notice of a disciplinary hearing stating the date, time, and place of the hearing and a copy of the test results.

First Offense: If this is the employee's first time for a positive result for drugs or alcohol testing 0.04 or greater, at the hearing, the employee may voluntarily agree to be evaluated by a substance abuse professional (SAP) who will determine what assistance, if any, the employee needs in resolving the problem. If the employee chooses to follow through with the course of action the SAP chooses, then the employee will not be terminated for a positive drugs or alcohol test at this time. The employee will be required to submit to unannounced drug and alcohol testing at least six times while on duty during the 12 months immediately following the release to work by the substance abuse professional. The employee's Department Director and/or the Human Resource Department will determine when the unannounced tests will be conducted; If the employee chooses not to be evaluated by the professional or the employee does not follow through with the course of action directed by the SAP, then this action by the employee shall be treated as though this were a subsequent positive result.

Subsequent positive results: for drugs or alcohol testing at .04 or greater will result in termination of the employee's employment with the Village of Ruidoso, regardless of any break in service.

15-15 Operation of Vehicles and Equipment

Any time the alcohol test produces a breath alcohol content equal to or greater than 0.02, the Department Director or Supervisor shall ensure that the employee does not drive himself home in either his personal vehicle or in an assigned Village vehicle.

Under no instances shall an employee operate a motor vehicle or motorized equipment while he is suspected of or is intoxicated, under the influence of drugs, or under the influence of medication which may affect the employee's ability to operate such equipment.

15-16 Department of Transportation (DOT)

Departments with positions covered by DOT will adhere to the Federal regulations of the Department of Transportation.

PURPOSE: To provide guidelines for commercial motor vehicle drivers regarding alcohol and drug testing requirements established by the Federal Highway Administration as mandated by the Omnibus Transportation Employee Testing Act of 1991(OTA).

While at work, each driver has a responsibility to deliver services in a safe, efficient and conscientious manner. In order to perform a job in the safest manner possible. Village employees must be able to work in a drug-free environment and themselves be free from the effects of alcohol and other impairing substances while on the job. Accordingly, while on the job or in a Village vehicle, the use, sale, distribution, possession, or being under the influence of an intoxicating liquor, controlled substance, drug not medically authorized, or any other substance which impairs job performance or poses a hazard to the safety and welfare of the employee, the public, or other employees is strictly prohibited and will result in suspension or termination. The use of illegal drugs or alcohol on the job or being under the influence of these substances, casts serious doubt on the employee's ability to perform the job and undermines the public confidence in the integrity of Village Human Resources.

Furthermore, the Village takes note of its obligation to comply with United States Department of Transportation regulations relating to controlled substances and alcohol abuse. The Village will ensure that the controlled substance and alcohol testing conforms to US DOT workplace testing requirements.

GENERAL

The provisions of this Policy are applicable in addition to, and not in lieu of, the provisions that apply to all applicants and employees under the Village's Drug and Alcohol Testing Policy.

An employee subject to the provisions of this Policy may be a person employed by the Village, a contractor engaged by the Village or an employee of such contractor.

All drug and alcohol testing performed under this section will conform to Department of Transportation procedures.

Employees who are subject to this policy are also required to comply with the Village-wide Drug and Alcohol Policy.

The Village reserves the right to amend, modify, or delete any policy at any time.

Federal law (Omnibus Transportation Employee Testing Act, Title V of P. L. 102-143) requires all transportation-related employers to perform mandatory drug and alcohol testing. Employees affected are those holding a valid CDL and who drive, as part of their work, any of the following vehicles:

1. with a gross weight rating or gross combination weight rating of 26,001 or more pounds;
2. designed to transport 15 or more persons, including the driver; or
3. used to transport hazardous materials in a quantity requiring warning signs under federal regulations.
4. vehicle of any size which is used to carry a placardable amount of hazardous material

States and municipalities are considered employers under the federal law and drivers that meet these criteria are subject to the testing requirements.

The federal policy for CDL holders requires pre-employment, post-accident, reasonable suspicion, random, follow up and return-to-work drug testing. (For the federal CDL drug and alcohol testing guidelines see the Federal Motor Carrier Safety Administration's web page: <http://www.fmcsa.dot.gov/safetyprogs/drugs/engtesting.htm>.)

Random Testing

The random testing must be done on an unannounced schedule before, during, or immediately after performing safety-sensitive functions such as driving. At least 50% of the eligible employees must be tested annually. Each employee in the pool must have an equal chance of being selected and that means it is possible for an employee to be selected more than once per year.

Drug testing is done through urinalysis and the federal regulations require the following procedures.

1. Employees provide the urine samples in private.
2. Samples are analyzed at laboratories certified and monitored by the federal Department of Health and Human Services.
3. Samples are split into two testing samples; one is the initial test sample, and if illegal drugs are detected, the employee has the option of requesting a "second opinion" using the second sample at another laboratory. An employee is only found to have tested positively for drugs or drug use if both samples test positive.

15-16-I DEFINITIONS

Alcohol - the intoxicating agent in beverage alcohol, ethyl alcohol, or other low molecular weight alcohols including methyl and isopropyl alcohol.

Alcohol concentration or content - the alcohol in a volume of breath expressed in terms of grams of alcohol per 210 liters of breath as indicated by an Evidential Breath test (EBT).

Alcohol Prohibitions - The DOT prohibits any alcohol misuse that could affect performance of a safety sensitive function. Refer to Subpart B, part 382 of the Federal Motor Carriers Safety Regulations.

Alcoholic Beverage - means alcohol, or any other beverage, containing more than one-half of one percent by volume, which is capable of use for beverage purposes, either alone or when diluted.

Authorized Personnel - The Human Resource Director, Village Manager, and the specific Department Director. Also, on a case by case need to know, the supervisor shall also be considered authorized personnel. Personnel who are authorized to have access to alcohol or drug test results or medical information pertaining to this policy will maintain confidentiality regarding this information.

Breath alcohol technician (BAT) - an individual who instructs and assists individuals in the alcohol testing process and operates an Evidential Breath Testing device (EBT).

CDL - Commercial driver's license.

Collection Facility - means a hospital, clinic, or laboratory, or other valid facilities, approved by the Village to be used to collect body fluid or breath samples to be analyzed for specific controlled substances or alcohol. The facility will have all the required Human Resource, materials, equipment, and supervision to provide for the collection, security, temporary storage, and transportation of the samples to the testing facility, or to conduct alcohol testing.

Commercial motor vehicle - a motor vehicle or combination of motor vehicles used in commerce to transport passengers or property if the motor vehicle:

- (1) has a gross combination weight of 26,001 or more pounds inclusive of a towed unit with a gross vehicle weight rating or more than 10,000 pounds; or
- (2) has a gross vehicle weight rating of 26,001 or more pounds; or
- (3) Is designed to transport 16 or more passengers, including the driver; or
- (4) is of any size and is used in the transportation or hazardous materials requiring placards.

A person who drives a commercial motor vehicle in the State of New Mexico is deemed to have given consent to submit to the taking of one or more specimens of the person's breath, blood, or urine for the purpose of analysis to determine the alcohol concentration or the presence in the person's body of controlled substances, drugs or alcohol

(reference the New Mexico Department of Public Safety Commercial Driver's Manual).

Confirmation test - for alcohol testing means a second breath test, following a breath screening test with a result of 0.02 or greater that provides quantitative data of alcohol concentration. For controlled substances, confirmation testing means a second analytical procedure to identify the presence of a specific drug or metabolite which is independent of the screening test and which uses a different technique and chemical principle from that of the screening test in order to ensure reliability and accuracy.

Contraband - means any article, the possession of which on Village premises or while on Village business causes an employee to be in violation of a Village work rule or penal law. Contraband includes illegal drugs and alcoholic beverages, drug paraphernalia, lethal weapons, firearms, explosives, incendiaries, stolen property, and counterfeit money.

Controlled substances - means any drug, substance or immediate precursor listed in Schedules I-V or Penalty Groups 1-4 of the Controlled Substances Act of 1988 as it may be revised from time to time. The term includes accidents, near accidents, erratic conduct suggestive of drug or alcohol use, any unsafe performance behaviors, and unexplained deviation from productivity. Refer to Subpart C, part 382 of the Federal Motor Carriers Safety Regulations.

Refusal to submit (to an alcohol or controlled substance test) Refer to Subpart B, part 382 of the Federal Motor Carriers Safety Regulations. Refusal means a driver:

- (1) fails to provide adequate breath for testing without a valid medical explanation after he or she has received notice of the requirement for breath testing;

In controlled substance testing it means an immunoassay screen to eliminate “negative” urine specimens from further consideration.

Split Sample: is required for all DOT controlled substance tests. This regulation requires that each urine sample is split into two containers. The first shall be tested and if positive, the driver has the option to have the second sample sent to another DDHS certified laboratory for analysis (at employee’s expense).

15-16-2 REQUIRED DOT TESTING

Pre-employment testing: All Applicants or present employees selected for employment in positions requiring a CDL at the time of hire will, as a pre-qualifying condition, be subject to testing for controlled substances and receive an alcohol breath test prior to the first time the employee performs the safety sensitive function. If an applicant tests positive, the job offer will be revoked. If an employee tests positive the job offer will be revoked and the employee shall be subject to discipline.

If an applicant or employee refuses to be tested, it will be considered the same as a positive result.

Random testing: Random “**alcohol** testing” will be administered at a minimum annual rate of 10% of the average number of positions requiring a CDL. Random “**drug**” testing will be administered at a minimum annual rate of 50% of the average number of positions requiring a CDL. The Village may modify this percentage as needed to comply with any changes made to the regulations by the DOT or Federal Highway Administration. (382.305)

The Village is shall use random sampling technique “sampling with replacement.” This means that each time a driver is selected and tested, that driver is placed back in the pool for the next selection and the driver may be selected and tested again (more than once in any year). A few drivers will be tested several times in a given year while other drivers may not be tested at all in that year. Prior to such testing, drivers will be required to sign a consent form to Consent to Drug and Alcohol Tests and Consent to Related Searches and Seizures.

Post-accident testing: Currently, federal regulations place the burden of compliance with post-accident drug and alcohol testing on the driver operating a commercial motor vehicle. Therefore, all drivers are required to submit to drug and alcohol testing within two hours (or as soon as practicable) following an accident. The driver is responsible for remaining readily available for such testing. Drivers who do not remain available for drug and alcohol testing will be considered to have refused to submit to testing and will be subject to disciplinary action. However, a driver is not prohibited from leaving the scene of an accident for the

period necessary to obtain assistance in responding to the accident, or to obtain necessary emergency medical care.

If an employee is seriously injured and cannot provide a breath or urine specimen at the time of the accident, the Department Director shall require and collect the sample as soon as the employee is able to give the sample.

Refer to Subpart C, part 382.303 of the Federal Motor Carriers Safety Regulations.

Reasonable cause (suspicion) testing: A driver will be required to submit to an alcohol and/or a drug test when a Department Director has reasonable cause to believe the driver has violated the alcohol or controlled substances rules.

A driver will be tested for alcohol as well as controlled substances if the observations are made during or just prior to the driver performing safety sensitive functions. The Department Director or Management employee who makes a determination that reasonable cause exists shall be responsible for making sure the employee is tested. The Department Director or management employee shall also prepare a written record of the observation leading to the test within twenty-four (24) hours of the observed behavior or before the results of the test are released, whichever is earlier.

Refer to Subpart C, part 382.307 of the Federal Motor Carriers Safety Regulations.

Searches and inspections in the workplace when reasonable cause exists: Drivers and their personal property, as well as Village property and equipment may be searched when there is reasonable cause (as defined in the preceding section) to believe that the employee is in violation of this policy.

15-16-3 TESTING PROCEDURES

Procedures for conducting the alcohol test: The alcohol testing will be conducted by a breath alcohol technician (BAT). Refer to Subpart C, part 40 of the Federal Motor Carriers Safety Regulations.

Refer to Subpart C part 40 of the Federal Motor Carriers Safety Regulations for alcohol testing.

Procedures for conducting the drug test: when sent for a drug screen, the driver is required to show the Commercial Driver's License as identification at the testing facility. Refer to Subpart B part 40 of the Federal Motor Carriers Safety Regulations for drug testing.

15-16-4 TESTING RESULTS

The Village's policy regarding test results which indicate the presence of alcohol or a controlled substance in an employee's specimen will be treated as outlined below. Employees who do not hold a CDL and therefore voluntarily participate in testing conducted under the provisions of the policy are also subject to the same consequences as employees who are required by law to submit to testing.

Negative Results: If the test results are negative, no disciplinary hearing will be held and the employee will be given back pay as though he worked as previously scheduled for this time.

Positive Results: Refer to part 40 and 382 of the Federal Motor Carriers Safety Regulations for positive results. Although in the federal regulations for positive is talked about in several subparts some of the main sections are part 40 subpart B 40.33, 40.35, Subpart C, 40.37, 40.81, 40.83, part 382 subpart D, subpart E, subpart F.

A Medical Review Officer (MRO) shall review and interpret positive results obtained from the lab. If the test is positive, the driver will be immediately placed on leave without pay and will not be allowed to perform any work on behalf of the Village.

Second Sampling - A driver whose urine sample has tested positive has the option, within 72 hours of being notified by the MRO, to request a re-test of the split specimen. The driver will pay cash for the re-test.

If the second portion produces a negative result, or for any reason, the second portion is not available, the test is considered negative, no sanctions will be imposed and no disciplinary hearing will be held. Additionally, the Village will reimburse the employee for the expense of the re-test and back wages will be paid as though the driver worked as previously scheduled for this time period.

If the second portion confirms a positive result, the driver will be provided with a notice of a disciplinary hearing stating the date, time, and place of the hearing and a copy of the test results.

First Time Offense: If this is the driver's first time for a positive result for drugs or alcohol testing .04 or greater, at the hearing, the driver may voluntarily agree to be evaluated by a substance abuse professional (SAP) who will determine what assistance if any, the driver needs in resolving the problem. If the driver chooses to follow through with the course of action the SAP chooses, then the driver will not be terminated for drug abuse at this time and the driver shall be required to submit to unannounced drug and alcohol testing at least six times while on duty during the 12 months immediately following the release to work by the substance abuse professional. The driver's Department Director and/or the Human Resource Department will determine when the unannounced tests will be conducted. However, depending on the

circumstances and on a case by case situation, although a driver might not be terminated for drug abuse, the driver may be terminated if he/she loses his/her CDL license.

If the driver chooses not to be evaluated by the professional or the driver does not follow through with the course of action directed by the SAP, then this action by the driver shall be treated as though this were a subsequent positive result.

Subsequent positive results: for drugs or alcohol testing at .04 or greater will result in termination of the driver's employment with the Village of Ruidoso, regardless of any break in service.

Drivers who test negative for illegal drugs or controlled substances, but positive for breath alcohol concentration equal to 0.02 but less than 0.04 will:

1. Be placed, on leave without pay and will not be allowed to perform any work on behalf of the Village for the 24 hour period immediately following the alcohol test and are no longer under the influence of alcohol. Another breath test will be performed to ensure that the driver is no longer under the influence of alcohol.
2. Be required to submit to unannounced alcohol testing at least six times while on duty during the 12 months immediately following the initial test. The driver's Department Director and/or the Human Resource Department will determine when the unannounced tests will be conducted;
3. Be terminated if the breath alcohol concentration falls in this range twice in any consecutive 12 month period, or
4. Further, a driver will be terminated if the driver's breath alcohol concentration falls in this range a total of four times during the driver's employment with the Village of Ruidoso, regardless of any break in service;

However, depending on the circumstances and on a case by case situation, although a driver might not be terminated immediately for the alcohol misuse, the driver may be terminated if he/she loses his/her CDL license.

Drivers who test negative for illegal drugs or controlled substances, but positive for breath alcohol concentration equal to or greater than 0.04 will:

1. Be immediately placed on leave without pay and will not be allowed to perform any work on behalf of the Village;
2. The driver will be provided with a notice of a disciplinary hearing stating the date, time, and place of the hearing and a copy of the test results.

First Offense: If this is the driver's first time for a positive result for drugs or alcohol testing 0.04 or greater, at the hearing, the driver may voluntarily agree to be evaluated by a substance abuse professional (SAP) who will determine what assistance if any, the driver needs in resolving the problem. If the driver chooses to follow through with the course of action the SAP chooses, then the driver will not be terminated for a positive alcohol test (but may be terminated if CDL license is lost) at this time and the driver will be required to submit to unannounced drug and alcohol testing at least six times while on duty during the 12 months immediately following the release to work by the substance abuse professional. The driver's Department Director and/or the Human Resources Department will determine when the unannounced tests will be conducted;

If the driver chooses not to be evaluated by the professional or the driver does not follow through with the course of action directed by the SAP, then this action by the driver shall be treated as though this were a subsequent positive result.

Subsequent positive results: for drugs or alcohol testing at .04 or greater will result in termination of the driver's employment with the Village of Ruidoso, regardless of any break in service.

15-16-5 PROHIBITED CONDUCT

The following alcohol and controlled substance-related activities are examples of prohibited conduct:

1. Reporting for duty, remaining on duty or on stand-by, to perform safety sensitive functions while having an alcohol concentration level of 0.02 or greater.
2. Using alcohol while performing safety-sensitive functions.
3. Using alcohol during the 4 hour period immediately prior to performing safety sensitive functions.
4. Using alcohol within 8 hours following an accident or prior to undergoing a post-accident alcohol test, whichever occurs first.
5. Refusing to submit to an alcohol or controlled substance test or a medical exam if required.
6. Refusing to produce adequate urine or breath without a valid medical explanation.
7. Reporting for duty, remaining on duty or on stand-by duty, or performing a safety sensitive function, if the driver tests positive for controlled substances.
8. Using, selling, purchasing, distributing, transferring, or possessing alcohol, illegal drugs, drug paraphernalia, or contraband by the driver while on Village property or performing Village business, or offering to participate in these activities.
9. Under Village policy, refusing to submit to a search of one's person, personal effects and property, and Village property in the driver's possession or use, while on the job

when a supervisor has reasonable cause to conduct a search.

Refer to Subpart B part 382 of the Federal Motor Carriers Safety Regulations.

15-16-6 CONSEQUENCES OF PROHIBITED CONDUCT

Drivers who are known to have engaged in prohibited behavior, with regard to misuse of alcohol or use of controlled substances, are subject to the procedures outlined in the previous sections of this policy. Those employees covered under this policy are also subject to the Village or Ruidoso's non-CDL drug policy.

15-16-7 RESPONSIBILITIES

Under the Village's policy, each driver shall report their own use of medically authorized drugs or other substances which can impair job performance to their immediate supervisor and provide proper written medical authorization to work from a physician. It is the driver's responsibility to ascertain from his physician whether the prescription drug can or may have an adverse impact on the driver's job performance. This provision is intended to protect the safety of each driver, co-workers, property and the public. Failure to report the use of such drugs or other substances or failure to provide proper evidence of medical authorization will result in disciplinary action. The Village reserves the right to have a physician of its own choice determine if the medication at the prescribed dosage produces hazardous effects and may restrict that employee's work activity.

Under the Village's policy, each Village employee who observes or has knowledge of a Village driver in a condition which impairs his/her ability to perform job duties or poses a hazard to the safety and welfare of the employee or others shall promptly report this fact to his immediate supervisor. The supervisor shall then determine whether this information, along with the supervisor's own observation, warrants a reasonable cause test. Any employee concealing the use of or condition of being under the influence of controlled substances or alcohol by other employees on the job, or failure to make such a report will be subject to disciplinary action including suspension or termination.

Additionally, drivers who are required to submit to drug and alcohol testing shall as soon as practicable, provide that required biological specimens for testing. Failure to meet this responsibility is an offense which will result in disciplinary action including termination.

If a driver is called to special duty at a time when they are off duty and not on standby duty, and they have been consuming intoxicants, the employee shall report this usage to the person calling them for special duty. The person receiving the notification from the driver shall promptly notify the requesting supervisor. The driver will not be required to report

for special duty until such a time that the employee is in compliance with this drug and alcohol policy.

Supervisors shall supply all written reports and documentation required by the federal regulations and outlined in this policy. Failure to meet these responsibilities will result in disciplinary action.

Supervisors who are eligible to make reasonable cause determinations of the use of controlled substances or alcohol which require a driver to undergo testing shall attend training of at least 60 minutes on controlled substances abuse and an additional 60 minutes on alcohol misuse. The training shall cover the physical, behavioral, speech, and performance indicators of probable substance abuse.

15-16-8 CONFIDENTIALITY — EVERYONE'S RESPONSIBILITY

The results of any drug or alcohol test shall be strictly confidential and shall not be disclosed without the prior written approval of the driver tested unless otherwise required by law. However, nothing in this section will prohibit the laboratory, MRO, or testing facility from releasing information relevant to a driver's test results to the authorized personnel. Additionally, only those persons in management directly involved in the decision-making process related to the tested driver will obtain any drug or alcohol testing information retained by the Village. There may be some instances where overriding public health or safety concerns may require the release of information otherwise considered confidential.

The driver is entitled to a copy of his/her test results, and the original results shall be maintained in a locked cabinet in the Human Resources Director's office in compliance with Federal Highway Administration record keeping rules. The Human Resource Director may maintain the results and any reports on individuals who have violated this policy.

Management and supervisory personnel who are authorized to have access to alcohol or drug testing results, or medical information pertaining to this policy, will maintain complete confidentiality as permitted by law regarding this information. Any Village employee who makes a reasonable cause observation or who may be a witness at an accident scene shall also maintain the same confidentiality. Breach of confidentiality relating to test results, or any other related matters, will subject to disciplinary action.

15-16-9 RECORD KEEPING

Information regarding an individual's drug or alcohol test results or rehabilitation must be released regardless of employee consent to appropriate state or federal agencies upon request as part of an accident investigation. Statistical data related to drug or alcohol testing and rehabilitation that is not name-specific and training records must be made available to appropriate state or federal agencies upon request.

CHAPTER 16. MISCELLANEOUS

16-1 On-the-Job Injuries

All on-the-job injuries are to immediately be reported to the appropriate supervisor and the Human Resources Department. It is each injured employee's responsibility to see that an incident report is completed within 24 hours of the injury occurrence. The injured employee is to sign the incident report attesting to its completeness and accuracy. These reports should be returned to the supervisor for completion and signature and then forwarded to the Human Resources Department.

Any employee who suffers an on-the-job injury that involves medical attention shall be required to submit to drug and alcohol screening.

For employees who are injured on the job and will be out more than three days, FMLA will run concurrently with Worker's Compensation leave. All rules for FMLA apply. See Section 6. Employee Benefits.

16-2 Smoking

The Village of Ruidoso maintains a smoke-free environment in accordance with State law. No smoking is permitted in any part of a Village building or in vehicles owned, leased, or rented by the Village. Departments may designate smoking-permitted areas a reasonable distance beyond doorways so that a person does not have to pass through smoke to enter a building. Smoking-permitted areas must also be beyond windows and other ventilation intakes so that smoke does not enter the building. This is in compliance with the Dee Johnson Clean Indoor Air Act adopted by the State of New Mexico on June 15, 2007.

16-3 Weapons Policy

No employee, while on duty for the Village of Ruidoso, shall be allowed to:

- Carry any firearm on his/her person;
- Carry any firearm in any Village Vehicle, or;
- Keep or store any firearm in any Village-owned building or facility. This section shall not prohibit the proper and safe display or exhibition of firearms within a historical or cultural exhibit.

Exceptions to this policy are police officers in the discharge of their duties, and other properly trained employees as authorized by the Village Manager and Chief of Police.

16-4 Cell Phones

The Village of Ruidoso does not provide cell phones to individual employees. If it is determined that an individual requires a cell phone for effective performance of their duties, the employee may apply for a cell phone allowance as described below.

- A. To increase the efficiency and effectiveness of local government communications, the Village Manager will determine who is required to acquire a personally owned cellular phone and make themselves available thereby at all reasonable times in accordance with this cellular phone policy.

- B.** The Village Manager authorizes Department Directors/Managers to determine which employees require the use of a cellular phone.
- C.** Cellular Phone policy Stipend and Requirements:
1. The employees designated by the Village Manager to acquire a personally owned cellular phone shall receive a monthly cellular phone stipend of \$50.00 or \$30.00, depending on position with Village of Ruidoso, data package on cellular phone and the Village Manager's approval. This will be payable in one installment on the last paycheck of each month.
 2. Employees designated by the Village Manager who personally own an IPAD and use it for Village Business such as emails, scheduling, presentations, notes etc. shall receive a monthly stipend of \$30.00 depending on position with the Village of Ruidoso and must have the Village Manager's approval. This will be payable in one installment on the last paycheck of each month.
 3. Employees who are currently assigned a cellular phone by the Village of Ruidoso shall continue the use of their current cellular phone number. Employees who are subsequently designated by the Village Manager shall acquire a cellular phone of their choice and subscribe to a cellular phone plan of their choice in their own name and for which they shall be financially responsible.
 4. Each employee receiving a cellular phone stipend shall, prior to the receipt of such stipend, fill out a form for the cellular phone stipend stating the cellular phone number and cellular phone carrier. Cellular phone numbers must be a local call, meaning the area code needs to be (575) and the cellular number needs to be local. This is to avoid long distance charges when calling these numbers from a landline. Cellular numbers shall be published and distributed as necessary to management, administrative staff, and public. This form will contain the employee's signature, Department Director/ Manager, and Village Manager signature to be considered as fully executed.
 5. Exempt employees receiving cellular phone stipends shall make themselves available by cellular phone at all reasonable times, including weekends, days off, holidays, and when cellular phone service is available during out of town vacations and business travel. Classified employees that are on standby will follow the standby section in the Personnel Manual.

6. Exempt employees receiving cellular phone stipends will be allowed to make and receive personal calls on the cellular telephone they use in the course of their work duties. Personal calls made or received during normal work hours will be kept to a minimum.
7. Employees receiving cellular phone stipends will be expected to maintain continuous cellular phone service; significant lapses in cellular phone services may render an employee ineligible for cellular phone stipend and may result in additional sanctions.
8. The allowance plan is not designed to cover the full cost of a cellular telephone, but rather to fund a portion of the allowance plan granted to an employee, since the telephone can be used for personal business. Additional compensation may be considered from time to time for extraordinary business-related circumstances.
9. The Village of Ruidoso may cancel the stipend by written notification to the employee thirty (30) days prior to cancellation. Every year, a new Authorization Request Form for Cellular Phone Allowance will be filled out to coincide with the budget for the fiscal year. Therefore, each of the authorization Request Forms for Cellular Phone Allowance will end on June 30th of each year. The cellular phone allowance will not continue until a new request form is approved by the Village Manager.
10. Employees will be responsible for all phone equipment purchases including the cellular phone and any other accessories.
11. Employees are solely responsible for their individual cellular phone contract regardless of their status as a Village employee.
12. Exceptions to this policy may be granted when, for security purposes, it is necessary for the Village of Ruidoso to purchase a cellular phone and cellular usage plan for an employee or department.
13. Employees may at the discretion of the Village Manager or their designee be requested to present the cell phone call log and/or text log provided by the phone carrier as it relates to Village of Ruidoso business.

The Village of Ruidoso may provide cell phones to a department for use as needed by the department. These phones are normally assigned to a location or vehicle and not to an individual.

16-5 Solicitation and Distribution

Solicitations and distributions of information/materials on Village premises are permitted to the extent that they do not interfere with the work of the employee, other workers, and/or customers.

16-6 Unauthorized Purchases

All purchases shall follow the Village Procurement Policies. All purchases and/or financial obligations must have prior authorization as stated in the Procurement Manual. Employees who incur unauthorized expenses in the name of the Village may have the cost of the unauthorized expense deducted from their paychecks. **Refer to the Village of Ruidoso Procurement Policies and Procedures Manual.**

16-7 Dress and Appearance

All employees are expected to appear in a manner that will reflect favorably upon themselves as well as the Village of Ruidoso. Employees are expected to be suitably attired and groomed during working hours or when representing the Village. Personal appearance should be a matter of concern for each employee.

While it is not the Village's intention to dictate the personal wardrobe of employees, the appearance and dress of employees is important in creating a favorable image supportive of public confidence. The following guidelines shall be followed:

- A. Uniformed Personnel:** Uniforms are expected to be neat, fresh, and clean when reporting for duty. Uniforms will be complete and appropriate for the season. Employees are responsible for wearing proper uniforms, related accessories, and equipment.

Uniforms will not be worn during off duty hours (except to and from work) or in combination with non-uniform clothing. Employees shall not wear uniforms into drinking establishments or for other jobs.

Uniforms that are paid for and supplied by the Village must be returned to the Village upon termination. If the employee refuses to return or has excessively damaged the items and/or uniforms, the cost of the items or uniforms may be withheld from the last paycheck. Uniforms purchased by the Village for the employees, such as jeans, which is determined to be taxable items as defined by the IRS will be taxed and will be a deduction from the employees' paycheck.

Employees are responsible for wearing proper attire and being properly groomed to perform the job for which they have been hired to perform. Employees not wearing proper attire or being properly groomed for the job, for which they have been hired to perform, shall be sent home, without pay until the proper attire or grooming is altered. Employees with vacation leave balance shall be permitted to use vacation leave when sent home to change.

See specific departments for policies on uniforms.

B. Non-uniformed personnel: Employees not provided uniforms should wear clothing which is neat, clean, attractive, and suitable for conducting business with the public. Departmental regulations will serve as a guide to dress. The Village Manager must approve requests for deviations to this code in advance in writing. Department/Manager deems attire not appropriate for dealing with the public and will be sent home to change without pay. Employees with vacation leave balance shall be permitted to use vacation leave when sent home to change.

Hair grooming, style, and length should be an individual's choice and should avoid extremes.

The Fire and Police Departments may be required to follow departmental regulations regarding dress and hair length.

All clothing, accessories, and shoes should be functional and safe for the type of work performed.

Since it is impossible to foresee all possible individual variations in dress and style, employees should be alert to the reactions of other employees and the public to their appearance.

16-8 Benevolent Fund Policy

At times, there is a need to send flowers or plants to an employee due to certain occurrences. The Village needs a way to provide the funds immediately for purchase of those flowers or plants. The Village has set up an Employee Benevolent Fund that is to be funded by the employees on a voluntary basis. The Employee Benevolent Fund Deduction Authorization Form is located in Appendix B. The money collected by payroll deduction will be used for flowers or plants when;

- an employee is hospitalized
- an employee gets married
- an employee has a child or adopts a child
- an employee passes away
- an employee's spouse, child, mother, father, or sibling passes away

Procedure:

This fund will be voluntary for all employees. If the employee wants to participate, the employee is responsible for completing a payroll deduction authorization form. The employee can cancel at any time as long as the employee submits a written cancellation notice no later than Monday of any payroll week. The money donated by the employee is non-refundable. Manager Directive: Employee Safety Shoe Allowance Policy

Number: MSOP 12-01

Effective Date: March 1, 2012
Revised June 19, 2014

Signed: _____, Debi Lee, Village Manager

Purpose:

As some Village of Ruidoso Departments provide safety shoes for their employees, this Managers Standard Operating Procedure (MSOP) will streamline the process and costs to the village, while providing a fair and balanced policy to all departments and their employees.

Policy:

1. A Village of Ruidoso full-time employee, whose job requires them to wear safety shoes per the department's Job Hazard Analysis, may submit a Village of Ruidoso Safety Shoe Request to their Department Director.
2. Safety Shoe requests will be accepted on the employee's anniversary date for their current position, or the Department Directors designated annual shoe replacement date. Department Directors have the discretion to approve the request annually or every two years.
3. The Department Director will make sure the employee's Safety Shoe Request Form is complete with Employee Name, Employee ID#, Budget Line Item Shoes will be charged to, Employee Job Title/Position, Employee Department Name, Vendor choice, the Director's Signature and Date, and then submit the Request Form to the Village of Ruidoso (VOR) Safety Coordinator for Final Approval.
4. If an employee has an early request for shoe replacement (not on their anniversary), then they will need to submit a reason in the designated area on the Request Form. Acceptable reasons are to include, but not limited to, shoe manufacture failure, shoe damage due to work being conducted while on duty, and abnormal wear and tear for unforeseen reasons. The VOR Safety Coordinator will have final approval for early Safety Shoe Requests.
5. The VOR Safety Coordinator will advise the Department Director in writing if the Safety Shoe Request has been approved or denied. If approved, the Safety Coordinator will send the Safety Shoe Voucher to the Department Director. A copy of the Shoe Voucher is to be given to the employee for the necessary purchase. The Shoe Voucher will have the name of approved local vendors the employee is to utilize for the safety shoe

purchase, listed on the top of the voucher. The employee MUST follow the guidelines of the Safety Shoe Voucher. If they do not, the Village of Ruidoso will deny the payment to the merchant used, and full payment responsibility will belong to the employee, and dealt with accordingly.

6. The Safety Coordinator will submit the approved Safety Shoe Request Form to the Finance Director for proper billing and charging to the stated Budget Line Item. The Finance Director, or designee, will match the merchant invoice to the Safety Shoe Request Form to verify approval of payment.
7. If vouchers are used inappropriately and it is found out that an employee used their voucher to buy someone else shoes the employee will be subject to disciplinary action up to and including termination.

VILLAGE OF RUIDOSO SAFETY SHOE REQUEST FORM

The Village of Ruidoso (VOR) safety shoe policy allows eligible employees an **annual allowance** of \$150.00 for safety shoes. Employees are required to obtain the permission of their department director before requesting safety shoes. The director grants approval by signing this form and forwarding it to the VOR Safety Coordinator. The VOR Safety Coordinator will review the request for safety shoes, and an authorization letter will be sent to the requesting employee.

Safety shoes are required to be non-slip, skid resistant or have a protective toe, and be of substantial quality. Safety shoes must meet or exceed the requirements of American National Standards Institute, Z-41.1, in the most recent edition.
